Malaysia Reputation Marketing Agency BizBuildUp Elevation Announces Program For FHM 2015 Participants

September 28, 2015

September 28, 2015 -
BizBuildUp Elevation, a Malaysian reputation marketing agency, has announced the availability of a service program in support of the 13th Edition of Food & Hotel Malaysia (FHM) 2015 exhibition that is taking place from 29th September to 2nd October at the Kuala Lumpur Convention Centre. The low-cost online publicity program will be offered to qualified international and Malaysian companies that are participating in the exhibition in Kuala Lumpur.

M.G. ONG, BizBuildUp Elevation?s principal consultant, says, ?There has been a marked increase in the number of Malaysian companies trying to profit from the domestic food, beverage and hotel market. However, the same cannot be said when it comes to local brands that are well-known and sold globally. Our online publicity program is designed to help promising companies in the industry get more exposure on the international front and attract the attention of their global target audience. This will get them started on the right path to profit from the global Food and Beverage Retail market, an industry that?s estimated by market research firm Lucintel to reach US $5,776 billion in 2017.

This program is available for a limited time only. Applications are welcome from participants in the 4-day FHM 2015 international exhibition, a biennial event that offers business networking opportunities as well as showcase leading brands and technologies in food, drinks, hotel, restaurant & foodservice equipment, supplies and related services.?

For more information on the free BizBuildUp Elevation publicity program, please contact M.G. ONG at mgong @ bizbuildupelevation.com. M.G. ONG can also be reached at +60 12 332 1063.
