Washington, District of Columbia - June 25, 2021 -
MyProMovers, a Northern Virginia moving company, is offering its high-quality moving services to customers in Northern Virginia, Maryland, and Washington D.C.

The company has a long history of delivering excellent customer service that is evident in its high number of overwhelmingly positive customer reviews. It has the distinction of being a Top Rated and Elite level Service on Home Advisor. The company is also a part of the Virginia Movers & Warehousemen's Association and it is registered with the U.S Department of Transportation. The company is also rated at an A+ from the Better Business Bureau.

One of the company?s strengths is that it assigns a dedicated personal moving manager to each customer to help them through the moving process. Any questions that the customer might have can be answered by the moving manager who will be with them every step of the way. The moving manager will help the customer

sort out details such as pricing, tracking the delivery, logistics, and more. The customer can rest assured that their moving job is being handled by professionals who have a ton of experience in the field and all the answers to their questions are just a phone call away.

The Northern Virginia movers recognize that moving is a risky proposition, especially for furniture and equipment that is fragile in nature. That is why the company takes all the necessary precautions to guarantee that while moving furniture and other items of a fragile nature from one house to another, the safety of the items is ensured. They do so by wrapping the items with adequate padding. In case the items are heavy and can damage the home if they are improperly handled, the wrapping provides padding so that they do not scratch and scrape the floor and the walls of the home or property.

The company also keeps a finger on the pulse of the community that it serves. As a way of giving back to the community, the company has also been offering free moving services to families in need since 2018. They started doing so upon request from the Fairfax County Department of Family Services. The partnership led to almost 15 free moves since 2018 or approximately 1 free move per month. The requests for moves increased during the COVID-19 pandemic when residents were being battered with job loss and evictions. The company responded by increasing the number of free moves to accommodate the rising need.

Krissa Sloane, Director of Volunteer and Partner Services for the Fairfax County Dept. of Family Services, talks about the partnership by saying, ?So many families lost jobs, which entailed them losing their home. MyProMovers have volunteered their services so a family that might have gotten evicted from where they were living was able to move to a new location. A big thank you to MyProMovers for really changing the families we work with?s lives. It might seem like a small endeavor, but it really was a big deal to these families.?

The company provides a wide range of services such as local moving, long-distance moving, packing services, office moving, storage, senior moving, labor only help, gun safe moving, piano moving, small job moving, junk removal, hot tub moving, car and boat transport, and international moving.
