

Dumpee Dumpsters is Pleased to Announce the Launch of Its Convenience Enhancing New Website

June 24, 2021

June 24, 2021 -
August, Ga-based Dumpee Dumpsters is a company that is always looking for new ways to improve its customers' experience when they are availing of its dumpster rental services. That?s why they are pleased to announce that they have just launched a new website. This new website has been streamlined for ease of use and now also includes the ability for their customers to book their dumpster rentals right online. With its customers now having the ability to book dumpster rentals at any time of the night or day, it makes disposing of their trash and debris more convenient than ever.

?We do whatever it takes to give our customers an extraordinary experience when working with us,? says the company owner, Kendrick Lee. ?Our new and improved website should only make that even better. It?s something that we put a lot of thought and time into to get right and now our customers can get to the information they need on our services easier than ever before.?

Lee went on to add that he feels there is much to like about their new website. It all starts with how pleasing it

is to the eyes. It?s not overcrowded with text and photos and the color selection makes the words on the pages nicely stand out. The dropdown menu choices have also been simplified so a customer can get to the information they need on the company very quickly. He stated that the dropdown menu choices include home, service area, dumpster rental information, the ways to contact them, and a quick note about the company website?s privacy policy. Under the ?Contact Us? item on the drop-down menu, when a customer clicks on that link it will take them to a page that is full of many new ways to contact them. This includes getting in touch with Dumpee Dumpsters by phone, email, Instagram, Facebook, or by filling out the form that?s found on that page of the website.

The company owner also went on to describe how easy their online booking services are. A customer just has to click on the ?book now? link on the new website?s home page and then select one of the three trash removal choices that are presented to them after doing this. This includes choosing between a roll-off 14-yard dumpster that has a 2-ton weight allowance and a 20-yard dumpster with a 3-ton weight allowance. There is even a 2-ton bulk pickup option for those that have many larger-size items to dispose of. Once the customer chooses between these options, the website will then guide them through the rest of the checkout process. He says that the website also describes how they can haul away and responsibly dispose of refrigerators, garbage, mattresses, yard waste, hot tubs, furniture, appliances, and even e-waste. Their trash and rubbish removal services will also come in handy for those doing foreclosure, building, basement, attic, and garage cleanouts. Those that want to take a look at the newly launched Dumpee Dumpster website can do so here at https://www.dumpeedumpsters.com/.

Customers that have used Dumpee Dumpsters services have had nothing but good things to say about them. Matthew B stated, ?From start to finish was a great experience. Mr. Lee is super easy to work with and very efficient. We called on a Sunday evening and he was able to have a dumpster for us early Monday morning. He was easy to communicate with and truly appreciated his care of our driveway while unloading the dumpster. The price for the dumpster was excellent can't beat it. We will be for sure a returning customer.? Brownsugadiva wrote in her 5-star review, ?Super pleased with the exceptional service I received. The price was great and the customer was outstanding.?

Lee reminds that in addition to Augusta, the company also serves those in Grovetown, Evans, Harlem, Hephzibah. Thomson, Appling, and Bliss, Georgia plus North Augusta and Aiken in South Carolina. He also mentioned that those who are nearby these areas should give them a call because chances are, they can provide them with a quality dumpster rental experience. Those that would like more information on the dumpster rental services that this company offers can find that information by going to the new website or by viewing the company's Facebook page which can be found here at https://www.facebook.com/DumpeeDumpsters.
