Baytown, TX. ? Awards and Engraving is now offering preorders for SeaDek Cooler Toppers, which will be available in the next month. The Baytown custom engraving company is offering customized cooler toppers in two designs. First is the full coverage design with a name and logo. The second is just the name and logo option. Each design is developed using two colors, one on top and one on the bottom in the background.

The custom designs are being offered in a variety of colors depending on the cooler size. The Roadie20 is offered in Bahama blue and Bimini blue, The Roadie24 is offered in Cream and Terra, the Tundra35 is offered in Smoke Grey and Black, the Tundra45 is offered in Storm Grey and Dark Grey, and the Yeti Haul is offered in Camel and Mocha. For customers who do not have Yeti coolers, the Awards and Engraving staff can help pick the right size for any cooler type.

A SeaDek cooler topper helps provide extra traction for the top of coolers, so they can be utilized as a stepstool or seating when necessary. The cooler topper transforms the slick top of a cooler into a usable

surface, adding diversity to the use of any cooler. The SeaDeck cooler topper is peel and stick for easy installation. The cooler topper is also made from easy-to-clean material and is stain resistant.
