Dancing Pet Natural Pet Products in Virginia Beach, Virginia, has announced the launch of a new product for dogs and cats. The company's Pet Natural Eye Tear Stain Remover is available now on the Amazon marketplace and may also be seen at <http://dancingpetnaturalproducts.com/products/eye-tear-stain-remover/>.

Dancing Pet Natural Pet Products provides safe and effective solutions for pet owners who prefer to treat certain conditions with natural products as opposed to chemicals. The company offers a number of natural alternatives for dogs, cats, horses, and a variety of other pets.

"Our new eye tear stain removal is a natural solution for safe and effective tear stain removal in dogs and cats primarily," states company spokesperson Lois Gallo. There are a number of things that can cause excessive tearing in dogs and cats, which ultimately leaves red or brown stains on the fur around their eyes. More information about these can be found at <http://dancingpetnaturalgal.tumblr.com/post/130070670892/common-problems-that-cause-excessive-eye-tearing>.

"We've developed a product that will remove those stains, and one that is completely safe for your furbaby," explains Lois Gallo. She goes on to point out that the new product contains no sulphates, parabens, DEA, MEA, or other chemicals that are usually found to be irritating to pets. There are no added bleaches or citrus extracts, and no fragrance is added that could irritate the animal's eyes or nose.

The natural tear stain remover utilizes coconuts and palm processed to produce natural non-toxic oils as a base with other natural fur-permeating stain removal ingredients. It has been found to gently cleanse stains away and help to protect against future staining not only in the eye tear area, but also around the mouth and paws. In fact, Ms. Gallo says the company strives for the best results through natural formulas. She reiterates, "We would never use anything harmful to pets in any of our products."

Dancing Pet Natural Pet Products offers a range of products that are all scientifically formulated to be safe and irritation free. The company also declared that they offer nothing for sale that staff members would not use on their own pets.

The new product is available now on the Amazon marketplace. More information about pet tear stains and how to safely remove them can be seen at <http://dancingpetnaturalproducts.com/how-to-get-rid-of-eye-tear-stains-on-your-dog-or-cat/>.
