Santa Ana Tree Experts Provide Certified Arborists to Manage Tree Service Jobs

July 01, 2021

July 01, 2021 -
Santa Ana Tree Experts, a top tree care provider in Santa Ana, CA position certified arborists as team leaders on all their tree service jobs for clients. The company believes having tree service experts manage their teams will ensure the best possible outcome for their customers? trees.

Company representative, Minnnie Tardyn, had this to say about their certified arborists. ?With summer in full swing, many homeowners are looking for answers on how to care for their trees. Property owners can never be too careful who they hire to care for their beautiful trees. Anyone that provide a service for trees can call himself or herself an arborist. However only certified arborists have undergone the required training from recognized industry associations and are considered tree service experts. Our certified arborists are highly experienced and trained to analyze tree issues for customers. We have made it our purpose to ensure that every Santa Ana resident has safe, healthy, functional, and beautiful trees.?

Santa Ana Tree Experts is a family-owned tree service with over 25-years of experience caring for the natural landscape of communities in Santa Ana & Orange County. The company's goal is to provide exceptional tree service to all residential and commercial clients looking to maintain or improve the natural surroundings of their homes and businesses. While the company specializes in tree removal, they strive to save every tree they can and only recommend tree removal as a last option.

Aside from Santa Ana Tree Experts holding its ISA certification, the company?s arborists also hold the certification from the ISA. The International Society of Arboriculture (ISA) serves the tree care industry as a membership association and a credentialing organization that promotes the professional practice of arboriculture. Tree owners can rest assured and have peace of mind knowing their trees are being cared for by experts when the work with Santa Ana Tree Experts.

Certified arborists have the knowledge and expertise to keep trees strong, healthy, and looking their best. By

inspecting tree for certain symptoms of common problems such as insect infestation or disease that become visible when branches start falling off or leaves begin to discolor. Certified arborists can act quickly with a solution so your prized tree stays in optimal health.

Insects are not the only thing certified arborists have to worry about. Every year, the fungi that cause anthracnose diseases in trees appear to be increasing due to warmer climates. These fungal infections can weaken a tree by causing dark lesions on leaves, sunken lesion's or cankers on twigs and stems. In general, these infections do not kill their host, but repeated invasion may lead to other problems such as weakened limbs or branches, which could eventually break off during high winds or storms.

Santa Ana Tree Experts is accepting new customer for tree trimming, tree pruning, tree removal, stump grinding, and arborist services. Those interested in scheduling a consultation can visit the company?s website and complete the online request form. Consultations can also be requested by calling the company?s customer service department at 949-359-8204.
