Plant City Patient Says He?s Forever Grateful for WhiteSands Alcohol and Drug Rehab

July 02, 2021

TAMPA, FL - July 02, 2021 -
Plant City, FL - A former patient by the name of Sebastian recently left WhiteSands Alcohol and Drug Rehab a five-star review on Google thanking them for their care. In the review, he described his experience saying, ?Amazing facility. All of the staff members are awesome. All of the behavioral health technicians, therapists, and trainers are great. All of them are very kind and helpful.?

WhiteSands works to create trusting relationships with patients, to ensure they feel comfortable throughout their time in treatment. In fact, WhiteSands has found that the comfort and well-being of patients plays an important role in how well they do in treatment. WhiteSands discovered through experience that emphasizing patients' comfort during treatment helped them to achieve higher success rates of patients who exit treatment and continue to maintain their sobriety long term.

Patients are often hesitant about seeking treatment at first. Many fear they may not receive high-quality care or genuine compassion from the staff. At WhiteSands, many of the staff are in recovery themselves. They understand firsthand what patients are experiencing and can empathize with the emotions they are going through. They also serve as an example of the life that is possible in recovery. This translates to a deep sense of understanding and compassion for patients.

Not surprisingly, patients report feeling more connected and more willing to open up about their struggles with staff that they can trust.

In his review, Sebastian said of the staff, ?All of them are amazing people and are great to talk to. All of them are great listeners and have excellent advice to give.?

Not all addiction treatment centers are the same. Premier facilities like WhiteSands go above and beyond to ensure patients receive all the tools and resources they need to succeed in a comfortable and relaxing

environment.

Some features that set WhiteSands apart include plenty of one-on-one therapy sessions, employing board-certified addiction specialists, offering private accommodations, providing all levels of care on-site, specializing in dual diagnosis treatment, providing plenty of activities and amenities to enjoy, keeping medical staff on site 24 hours a day.

When patients are treated as individuals and treatment plans are designed based on their unique needs they feel they are being heard and sincerely understood. This kind of individualized addiction treatment makes patients feel their recovery truly does matter to those who are responsible for their care.

?I would definitely recommend this facility to anyone that is trying to get clean or is struggling with alcoholism or addiction,? Sebastian said.

For anyone struggling with a drug or alcohol addiction, WhiteSands is available 24/7 to take calls, answer questions and provide guidance. Call (877) 640-7820 or go to www.whitesandstreatment.com
