Dumpster Rental Company Route 12 Dumpsters Has Launched A New Website

July 09, 2021

July 09, 2021 -

Route 12 Dumpsters, a dumpster rental company offering services near Boston, has launched a new website. The new website details all of the company?s services, specifics of its dumpster rentals, and provides contact information for new and existing customers.

The company mainly offers two kinds of services - dumpster rentals and junk removal. When a customer opts for the dumpster rental service, the company will drop off the dumpster at their location, and then the customer will have the responsibility of loading it up over the entire rental period. The company will then haul off the dumpster after the stipulated rental period is over.

When a customer opts for the junk removal service, the company will arrive at their location, and proceed to load the dumpster with the junk that has already been set aside and demarcated for pickup. The dumpster is only available at the site for the short time that it takes for loading it up which is handled wholly by the company?s technicians. This allows the customer to focus on their project while the company takes care of

the junk removal.

The company offers a 10-yard dumpster, a 15-yard dumpster, and a 20-yard dumpster for its dumpster rental service. The 10-yard dumpster can be rented for 5 days with 1 ton of waste included in the rental price of $350. The 15-yard dumpster can be rented for 5 days with 2 tons of waste included in the rental price of $480. The 20-yard dumpster can be rented for 5 days with 2 tons of waste included in the rental price of $590. Every additional day of renting each of the dumpsters increases the cost by $10. Every additional ton over the included tonnage increases the cost by $140.

The junk removal service is priced according to the percentage of load on the truck. A single item pickup costs $99. The single item pickup can include couches, chairs, loveseats, sofas, recliners, sectionals (2 pieces or 3 pieces), couches with recliners, tables, dressers, desks, entertainment centers, TVs (large or small), computers, printers, faxes, washers, dryers, stoves, refrigerators, grills or barbecues, twin or full mattresses, queen or king mattresses, twin or full box spring mattresses, queen or king box spring mattresses, bikes, exercise machines, black garbage bags, moving boxes, lawnmowers, tool chests, hot tubs, or pianos.

A 25% load (2 pickup loads equivalent) costs $212. A 50% load (4 pickup loads equivalent) costs $424. A 75% load (6 pickup loads equivalent) costs $636. A full load (8 pickup loads equivalent) costs $850. The company?s website offers a simple online form that allows the customer to choose from 5 different junk removal time slots on any given day. There is an input field where the customer is required to describe the type of junk that requires collection. Finally, the company asks for the exact location where the customer would like the junk removal to take place along with accurate contact information so that it can stay in touch and provide updates to them.

A spokesperson for the company talks about its service by saying, ?We are providing a seamless, hassle-free service for homeowners and contractors looking to take on a project such as a DIY kitchen remodeling, an overdue bathroom remodeling, a small garage cleanout, a thorough yard clean up, a shed demolition debris removal, or any other construction or cleanup job that is going to generate a significant amount of waste. We are thoroughly professional in our approach to our job. We give the customer all the freedom they need to load up the dumpster and arrive exactly at the agreed pick-up time to haul away the trash. All the arrangements can be done online or over the phone. It doesn?t get any easier than this.?

The company provides services such as refrigerator disposal, garbage removal, mattress disposal, foreclosure cleanouts, construction waste removal, yard waste removal, trash removal, appliance removal, television disposal & recycling, furniture removal, e-waste disposal, and hot tub disposal. It serves the areas of Fitchburg, Leominster, Lunenburg, Sterling, Winchester, and all areas in between.

The company can be reached at the phone number (978) 870-9014 for all inquiries. More contact and service information can be found on the website at https://www.route12dumpster.com/.
