

Oregon Dumpster Rental Service Company Dumpsters City Launches New Website

July 12, 2021

July 12, 2021 -
Dumpsters City, a dumpster rental service company based in West Linn, Oregon, has launched a new website. The website provides the company?s customers with easy access to its reliable and affordable dumpster rental services.

The website has all the features that one would expect from a modern dumpster rental service. It allows customers to browse all of the dumpster rentals on offer and book the one of their choosing from the comfort of their home. The website also has all of the company?s contact information in case a customer wants to talk to them directly to clarify any details.

When the customer chooses the dumpster that is perfect for their needs, the online booking system shows the customer a detailed breakdown of the pricing and additional charges that might be levied if the dumpster is rented out for more than the predetermined number of days. The customer can then select any date in the future, except for Sundays, on the calendar widget as the drop-off date for the dumpster. After the drop-off

date is selected, the customer has to choose the pick-up date when the dumpster will be taken off their hands. The software then calculates the total amount owed by summing up the base cost, cost of extra days, and the Drop fee. The customer can then proceed to make a payment for the dumpster.

A spokesperson for the company talks about the utility offered by the website by saying, ?We are excited by the launch of the website. It makes ordering our services seamless and easy for all of our customers. You no longer have to go through the process of calling us and setting up an order. You can head over to the website at any time of the day according to your convenience and secure yourself a dumpster for the exact date and time you are going to need it. The website allows you to book one of our dumpster rentals from wherever you are. This unprecedented freedom makes the entire process smooth and hassle-free. So if are looking for dumpster rental services in West Linn or nearby areas, head over to our website and book yourself the dumpster that works for you and we will get it to you exactly when and where you need it.?

The company?s 14-yard dumpster is 14 feet long, 7 feet wide, and 4 feet high with a base price of $540. The company?s 20-yard dumpster is 14 feet long, 7 feet wide, and 5.75 feet high with a base price of $600. The dumpsters can be rented for up to 3 days. Each ton of haulable weight adds $100 to the final price. Each additional day of renting, beyond the 3 days that are included in the base price, adds $50 to the final price.

Dumpsters City serves the areas of West Linn, Portland, Cedar Hills, Fairview, Milwaukie, Aloha, Gresham, Troutdale, Lake Oswego, Tigard, Beaverton, Clackamas, Tualatin, Milwaukie, Oregon City, and Hillsboro. Dumpsters City frequently delivers units even farther out. However, there may be extra fees that vary depending on how far away the customer is outside its service area. The company says that they might even be willing to make special accommodations to suit the customer?s project and their budget.

The spokesperson talks about the company?s strengths by saying, ?We pride ourselves on providing super-fast, reliable services with a smile. This comes from our dedication to the customer since we are a local, family-owned company. We personalize our services for all of our clients. You can read about our impeccable customer service in the many positive reviews that people are leaving on our social media. It is the combination of same-day service, fair, flexible pricing, and flexible scheduling that makes us so beloved in the local community. All of our dumpster rentals are driveway and yard-friendly. We are fully licensed and insured and we offer environmentally sound disposal solutions. You?ll be hard-pressed to find a better dumpster rental company in our service area.?

The company can be reached at the phone number (503) 303-8634 or using a contact form on its website at https://www.dumpsterscity.com/. The website also links to the company?s many social media pages that are regularly updated.
