July 27, 2021 -

US Coachways, a Staten Island, NY-based bus rental services company, wants to stress the many advantages of renting a charter bus when traveling to Chicago, IL. Charter bus rental, especially during a situation when there?s a pandemic where people need to follow certain health protocols, is beneficial because it allows the travelers have better control of their environment. This is in contrast to traveling using a public transportation, such as a bus. It is not surprising, therefore, that a survey revealed that people felt the safest when traveling by bus rental, compared to traveling by train, ride share, or air travel.

Mark Telmany, a representative for US Coachways, says, ?At US Coachways, we have been a leader in the charter bus rental business for more than three decades, handling more than 20,000 trips every year. To get a free quote for a charter bus trip to Chicago, or to learn how we can help you with a group trip, go to our online cost calculator or call us on the phone to speak to an experienced customer service representative.?

Travelers will find a charter bus rental to be the best option, particularly during a pandemic because of a number of reasons. First of all, they are in full control of the bus and how the passengers will be seated inside the bus. Thus, they can easily make sure that all of the health protocols are followed. Also, all of the

passengers already know each other and they can agree amongst themselves on how they will be seated, and also regarding other conditions, such as how cool the air conditioning should be, and the stops they will make. The travelers are also assured that the bus is completely clean and disinfected to ensure that they are protected.

Chicago, which is the capital city of Illinois and frequently referred to as the Windy City, is a great place to travel to because of the various interesting places that can be visited, the music and food offered, and the stores that enable great shopping experiences. Chicago is a large city, being the third biggest metropolitan area in the United States. As such, it is a busy city and travelers would not want to get stuck in the traffic or struggling to find their way using a map. A charter bus rental from US Coachways can allow the travelers to enjoy the sights and various things offered by the city, in luxury, comfort and convenience.

Meanwhile, it is important to note that US Coachways also offers corporate bus rentals. Companies can enjoy several benefits offered by charter bus rental, such as: dependability, affordability, flexibility, safety and security, comfort, and stress-free travel. They are also Avetta certified, which means US Coachways has been vetted for several factors.

The city of Chicago is well-known for its outdoor public art works, many of which were created by modern figurative artists. These include: the Chicago Picasso; Miro's Chicago; Chagall's Four Seasons; Oldenburg's Batcolumn; Moore's Large Interior Form, 1953-54, Man Enters the Cosmos and Nuclear Energy; Calder's Flamingo; Anish Kapoor's Cloud Gate which is regarded as an icon of the city; and Dubuffet's Monument with Standing Beast, Abakanowicz's Agora.

Chicago has a typical hot-summer humid continental climate, and has four distinct seasons: summer, winter, spring, and autumn. The city got the nickname ?Windy City? because of the many tornadoes and windstorms that it has experienced. However, some say the nickname was given because of the observation that many of the people there tended to talk a lot.

Chicago happens to be a great place for various corporate events, such as: business conventions, team-building exercises, conferences, corporate meetings, and celebrations. It is also a great venue for school events; games, concerts, and other big events; family events; and church travel, whether it is a mission travel, youth group outing, or community volunteering.
