Tree Service Experts Long Beach Provide Tips on How to Prepare a Tree for Storm Survival

July 08, 2021

July 08, 2021 -
Tree Service Experts Long Beach, a leading provider of tree services in Long Beach, CA has made available to the public a video detailing useful information about the preparation tree owners can make to give their trees a better chance of survival prior to a sever storm. The video lays out six steps that can be taken to give trees a fighting chance. The video also notes however, it is a fact that healthy trees that receive regular maintenance and care are more likely to make it through a storm with less damage than neglected trees.

The complete video can be viewed at this link: https://www.youtube.com/watch?v=_VYrmvuMBsQ

Company representative, Whidden Carmen, had this to say. ?Trees are very important to our environment. They provide oxygen, clean our air, and provide us with food. It is important that we keep them healthy so they can survive storms, disease, and destructive pests. Our tree service experts can help tree owners meet the challenge of maintaining their trees and keeping them healthy all year.?

Tree Service Experts Long Beach is a family-owned tree service company with over 25-years of experience caring for the natural landscape of communities in Long Beach, CA. The company's goal is to provide exceptional tree service to all residential and commercial clients looking to maintain or improve the natural surroundings of their homes and businesses.

Tree Service Experts Long Beach arborists received there certifications from the International Society of Arboriculture. The International Society of Arboriculture (ISA) serves the tree care industry as a membership association and a credentialing organization that promotes the professional practice of arboriculture. The team of ISA-certified arborists at Tree Service Experts Long Beach are more than capable to keep trees healthy and growing strong. Tree owners can have peace of mind knowing their trees are receiving the best possible care when they work with Tree Service Experts Long Beach.

While Tree Service Experts Long Beach specialize in tree removal services, the company admits that tree removal is only recommended as a last resort. According to the company, before opting to remove any tree, their certified arborists will try to find a solution that can allow their customers to keep their trees.

Tree Service Experts Long Beach is accepting new customers for tree trimming, tree pruning, tree removal, stump grinding, and arborist services. Those interested in scheduling a consultation or a free estimate can visit the company's website and complete the online contact request form. Requests can also be made by calling the company's customer service at 310-905-5308.

Cost?","acceptedAnswer":{"@type":"Answer","text":"Average Tree\r\n\r\nOn average, you should expect to spend between $250 and $550 on the removal of a single\r\ntree. The amount you will have to pay will be largely dependent on how long the job takes and\r\nhow difficult it is. Tree removals in areas featuring underground utilities or buildings nearby often\r\ncost more.\r\n\r\nIf you have several trees that you would like to get rid of, you should be able to get a discount\r\nsince the tree removal crew and the necessary equipment are already on your property.\r\n\r\nSmall Tree Removal Cost\r\n\r\nIf you would like to remove a tree whose height does not exceed 30 feet, you should expect to\r\nspend between $100 and $300. Being the easiest to remove, small trees feature the lowest tree\r\nremoval cost. Examples of trees classified under the \u201csmall tree\u201d category include:\r\n\r\nOrnamental pear\r\nSilver birch\r\nCorkscrew hazel\r\nHawthorn\r\nApple trees\r\nMedium Tree Removal Cost\r\n\r\nIf your tree stands at a height of 30 to 60 feet, expect to spend $300 to $700 on its removal. Trees featuring medium height include:\r\n\r\nElm, with a height of 40 to 60 feet\r\nMaple, featuring a height of 40 to 60 feet\r\nLinden, standing at 60 to 70 feet\r\nHornbeam, having a height of 20 to 40 feet\r\nLarge Tree Removal Cost\r\n\r\nTrees with an average height of 60 to 80 feet cost between $700 and $1,100 to remove. Examples of trees classified under the \u201cLarge\u201d category include:\r\n\r\nZelkova, with an average height of 50 \u2013 80 feet\r\nOak, which is 70 to 80 feet tall on average\r\nVery Large Tree Removal Cost\r\n\r\nTrees standing at 80+ feet cost between $1,100 and $1,800 to remove. This is understandable considering that huge trees require more sophisticated equipment and more experienced personnel. Some of the trees that feature a height of above 80 feet include:\r\n\r\nPine, standing at 80 to 100 feet tall\r\nTulip, with an average height of 70 to 90 feet"}},{"@type":"Question","name":"How Soon Can You Cut Down a Tree?","acceptedAnswer":{"@type":"Answer","text":"A wide range of reasons can necessitate the removal of a tree. The most common reasons\r\ninclude:\r\n\r\nDead or Dying Tree\r\n\r\nDead trees often turn into eyesores. Getting rid of these types of trees can help improve your property\u2019s appearance.\r\n\r\nObstructed View\r\n\r\nIf the tree is making your driveway less visible, investing in the tree\u2019s removal may be a good idea. Removing the tree will help reduce the chances of an accident.\r\n\r\nSafety Hazard\r\n\r\nStorms do destabilize trees and turn them into safety hazards. If this is the case with a tree close to your home, you should invest in its removal as soon as possible.\r\n\r\nDamage to Utilities\r\n\r\nTree roots are known to cause damage to underground utilities. Some roots may even damage your home\u2019s foundation. To fix these issues, considering tree removal may be a good idea."}},{"@type":"Question","name":"How Much Does Tree Service Cost in Alabaster?","acceptedAnswer":{"@type":"Answer","text":"The tree service cost in Alabaster varies depending on the type of service you want. Since we have already looked at the tree removal cost, below we will look at the average cost of other tree services:\r\n\r\nTree Trimming and Pruning Cost\r\n\r\nHiring a professional to trim\/prune a single tree can cost anywhere between $80 and $1,000+, with the typical price range being $250 to $500. Expect $80 for your small tree, $175 for the medium-sized tree, and about $250 to $1,000 for a tree featuring a height of over 50 feet.\r\n\r\nNote: Things like diseases, accessibility, pests, etc. can also affect the tree trimming cost\r\nsignificantly.\r\n\r\nStump Removal Cost\r\n\r\nThe average stump removal cost ranges between $60 and $350 per stump depending on various factors such as accessibility, type of

tree, and most importantly, stump size. If you have a large stump featuring extensive roots on your property, you should expect the complete stump removal cost to be on the higher end.\r\n\r\nIf the cost of completely removing the stump is out of your affordable range, you can opt to grind the stump. In Alabaster, stump grinding costs an average of $100 to $150. The per diameter inch cost ranges between $2 and $4.\r\n\r\nArborist Service Cost\r\n\r\nIf you need the arborist to help with trimming a small palm tree, $75 can get the job done. If, however, the arborist has to help with the removal of a 100-year-old oak tree, the cost can be as high as $5,000. On average, however, most arborist services will cost between $375 and $1,500."}}]}]
