

## **New Simplified Dumpster Website Includes Convenient Online Reservations**

*July 12, 2021*

Lansing, Michigan - July 12, 2021 - PRESSADVANTAGE -

Simplified Dumpster is one of the leading dumpster rental companies in and around the Lansing, MI area. The company was able to accomplish that by being customer-oriented and progressive in all aspects of its business. That's why when those at this company saw an opportunity to improve upon their old website, they quickly responded by creating a whole new one with many modern features. The highlight of which is that their customers can now reserve a dumpster by using the embedded online ordering form.

A company representative stated, "Our company has grown over the years not only because of how hard that we work but also because we keep our customers' needs at the forefront of everything that we do. That's why we do such things as designing a new website when we think there are some areas of the old one that can be greatly improved upon. Our new website is as progressive as you can get for a company that is involved in trash, garbage, and junk hauling. So far, the customers of ours that have used the new website have had very positive things to say about it."

He went on to say that the new website is easy on the eyes with its color scheme and it's also very user-friendly. The latter is the result of such traits as simplified dropdown menus, many point and click features and information that's presented in such a concise manner. Even the new online dumpster reservation system activates with a simple click on the homepage and then the website guides the user through the process. The new website also mentions that they offer six different dumpster rental choices. This includes a 7-yard cement-only dumpster, 7-yard dirt-only dumpster, and 10, 15, 20, 30-yard dumpsters. The company representative talked about how they also made sure the new website points out that their dumpster rental period is 7-days and there are no weight limits on a dumpster regardless of its size. The website also specifies what the company's dumpsters can be used to haul away. This includes yard waste, construction debris, regular trash, and e-waste. Customers are also allowed to place refrigerators, mattresses, hot tubs, appliances, old furniture, and TVs in the dumpsters that they rent. Dumpsters also make construction, foreclosure, attic, basement, and garage cleanouts go much smoother.

The company representative says that anyone that uses their new website to reserve a dumpster can expect exceptional service from them. That includes a dumpster rental experience that is fast, reliable and includes attentive customer service.

Customers have not only expressed approval with the new website but also have been very complimentary of the company's overall service. Sierra Hernandez wrote, "The dumpster was on time and the driver was very nice! I called to see if we could keep it an extra couple of days and they were more than willing and accommodating. I would definitely recommend this company. Not to mention they have the best prices around! Great company overall!" Kristin Smit acknowledged, "We had a great experience with Simplified Dumpster. The pricing was better than others in the area and our dumpster was delivered, very clean, within an hour of calling and renting. We are moving and had to make some adjustments to our rental time (on the day it was supposed to be picked up), and Matt was very helpful and accommodating. Overall great experience and would definitely recommend!". These are two of the 15 reviews that have been left on Simplified Dumpster's Google Maps Business Listing and each one rates the company 5 out of 5-stars.

Simplified Dumpster offers dumpster rental service throughout the Lansing, MI area including Holt, Okemos, Mason, East Lansing, Eaton Rapids, Grand Ledge, Potterville, Haslett, and Charlotte. Contractors, homeowners, and businesses that would like more information on how to reserve and have the company drop off a dumpster to them can call the company, send an email, or refer to the newly launched website which is located at <https://www.simplifieddumpster.com/>.
