

Top Minnesota Mold and Water Damage Firm Sees Surge in Growth

July 12, 2021

July 12, 2021 - PRESSADVANTAGE -

Prior Lake, MN - SOS Cleaning and Restoration Receives High Praise for Fast, Thorough Service throughout Prior Lake Community and Beyond.

2021 has been a busy year for Stacey and Mark Buckingham, owners of SOS Cleaning and Restoration. As experts in flood, mold, and other types of water damage to commercial and residential properties, their company has seen an explosive demand for their services throughout the Twin Cities metro area. Stacey believes it is the high priority SOS places on service that has earned them a place among the state's leading carpet cleaning and restoration firms.

"We've always valued high levels of service because we're customers too, and we know what it feels like to be on that end of the transaction," Stacey says. "When it comes to home and office spaces, severe flood or mold damage can feel absolutely devastating when you see it destroying your hard-earned investment right before your eyes. We have been in this business a long time, and taking those feelings of panic and stress away has become a specialty of SOS."

With 24/7 on-call emergency services, SOS is a valued resource in the communities it serves, and have helped property owners save tens of thousands of dollars on costly structural repair.

"The trick with mold and water damage is to address it early," Stacey says. "The longer that moisture permeates around the walls and ceilings of a structure, the more damage it will cause. If left untouched, the consequences can be dire."

On top of SOS's emphasis on top-tier service, company staff are also among some of the friendliest and kindest people in the industry. Their hiring and training processes involve high levels of positive customer interaction education, and it is the company's policy to provide upfront, transparent quoting before any job

can begin.

For those who are interested in utilizing any of their services, give them a call and see how they have become one of the top mold removal and water damage remediation firms in the MN state.

About SOS Cleaning & Restoration
