

Fraser Valley, BC Auto Glass Shop Delivers Top Service, Experience

July 12, 2021

West Heights, British Columbia - July 12, 2021 - PRESSADVANTAGE -

Mission, BC - Abstract Auto & Window Glass is the preferred glass dealer after almost fifty years in business.

Abstract Auto & Window Glass has been in business since 1975, and remains a preferred auto glass dealer throughout the Fraser Valley in BC, with unparalleled levels of quality service and a friendly willingness to take on anything the customer needs. From auto glass to commercial or residential glass repairs or installation, Abstract consistently earns five-star reviews for their outstanding commitment to excellence.

“After nearly half a century of being in business, we have had a lot of time to learn about how to best serve the Fraser Valley community and beyond, so we have greatly expanded our services and offerings to customers in need of almost anything glass related,” office manager Nicole Norden says. “Being closely tied into the business community, as well as the neighborhoods around the area have allowed us to meet a lot of people and today we have so many regular customers it is a blessing beyond compare from the perspective

of a small family-owned business. We truly love what we do and want to pass that love onto our customers as well.?

Abstract is also a preferred partner for businesses in need of glass installs or repairs & maintenance and works with customers on installing and maintaining their conventional or custom designs. For businesses interested in updating their glass entryways Abstract is an excellent choice as well and has worked on many entrance systems throughout the region. They are also an official ICBC certified auto glass repair shop and the bulk of their business is in auto glass, mainly windshield replacement for all types of vehicles.

?We focus on one thing and one thing only when we engage a customer: making sure they get an experience that at least meets their expectations and hopefully will exceed it,? Norden says. ?We always do our best and want to work with customers no matter how big or small their project might be. The little jobs are just as important to us as the big ones, and we want to make sure our customers know that when they call or come into the shop.?
