July 14, 2021 -

In response to the recent rise in demand for dumpster rental services from construction and demolition projects, Tennessee-based company 5 Star Disposal has acquired a new fleet of roll-off dumpsters. The acquisition will meet the demands of their customer base in the Woodbury, TN area by providing increased capacity and improved service. With the purchase of this new equipment, there is no need for customers to wait longer than usual before they can use one again. This initiative should serve as an example for other companies across industries faced with similar situations when a shortage occurs.

The company's founder, David Sells, stated, "We are very excited to announce that we now offer more affordable options for dumpster rentals. To meet the surging demand in our area, we have increased the number of containers available at competitive rates."

Mr. Sells further elaborated during the interview, "5 Star Disposal is happy to announce that with their newly acquired different size dumpsters; customers could now enjoy better, cheaper and faster services. Over the

years, there has been a soaring demand for reliable and affordable all-size dumpster rentals in Woodbury and the nearby cities. Because of limited dumpster rental services in the area and lack of variety in the types and sizes of dumpster containers available, customers have had to put up with shortages, slow deliveries, and old ugly waste removal containers. These inconveniences will now be a thing of the past."

According to information obtained from the company website, the company has been supplying these areas with reliable dumpster rentals for several years and was by no means a new company. 5 Star Disposal is now servicing the Tennessee cities of Woodbury, Murfreesboro, Smyrna, La Vergne, Shelbyville, Manchester, Lascassas, Walter Hill, Christiana, Rockvale and all surrounding areas.

Based on online reviews, many past customers have rated the company highly for on-time delivery, reliability, excellent customer service, and reasonable prices.

The company has 11-yard dumpster rentals, 15-yard dumpster rentals, 20-yard dumpster rentals, and 30-yard dumpster rentals available for rent. 5 Star Disposal's dumpster rental pricing is different for each dumpster, and the larger the dumpster, the higher the price. However, pricing is low-cost with their smallest dumpster, the 11-yard dumpster beginning from $249 at a holding capacity of around 4-5 pickup truck loads and a weight limit of 1 ton. Their 15-yard dumpster costs $299 at a holding capacity of 6-7 pickup truck loads and a weight limit of 2 tons. Their 20-yard dumpster price is $450 for an 8-10 pick truckloads capacity and a 3-ton weight limit. Customers can also rent a 30-yard dumpster at $550. The 30-yard dumpster has a hauling capacity of roughly 16 trucks and a weight limit of 4 tons.

Their roll off dumpsters are used for the removal of residential waste, commercial & industrial waste, and some construction wastes. The company accepts most materials on its dumpsters but does not allow concrete, dirt, or manure. They also offer disposal options for other types of waste, including mattresses, TVs, electronic appliances, and tires off the rim at a small extra charge. However, they require that customers give prior notice that they have such items to dispose of, and they must leave them outside the dumpsters.
