They may be compelled to take the offer and move on with their life, putting the painful memories behind them.

The law office of Kenneth S. Nugent appeals to such victims to never accept any lowball offer and to fight their case to the fullest extent of the judicial process. The firm has acquired this skill through extensive deliberation representing plaintiffs

in personal injury cases for over 4 decades.

A spokesperson for the law firm talks about their services by saying, "Insurance adjusters are trained to intimidate those seeking claims by painting a hopeless picture of how big of a settlement they can expect to receive. They do so because they are working for the insurance company which is trying to lower its costs. They are not on the side of the victims and frankly, they don't care about the mental and physical anguish that follows in the wake of an accident. At the end of the day, they only care about their own bottom line. This is why you need an experienced and resilient attorney on your side that will fight tooth and nail for your case to get you the compensation that you rightfully deserve. So before you answer any calls from the insurance companies, make sure to contact our firm. Amongst our ranks, we have a combined experience of over 350 years of litigation that will work to your benefit. We will listen to your case and offer you the best legal advice for your situation. Join us for a free consultation and you will find out why Kenneth S. Nugent is the best personal injury attorney Columbus GA has to offer."
