Personal Injury Attorney Helps Accident Victims Seek Compensation In Duluth, GA

July 22, 2021

July 22, 2021 -
GA based Kenneth S. Nugent, P.C. - Duluth is working with local clients to ensure that they always have a competent and committed attorney on hand to help with their personal injury cases. Their team of lawyers can be by a client?s side in as few as 24 - 48 hours, and they urge their community not to hesitate to ask for help if they are involved in an accident.

?You may be under the impression that consulting with any lawyer will get you what you need,? observes the firm, ?but the truth is that, as with most fields, lawyers can specialize in certain practice areas far more than others. The first lawyer you reach out to may be willing to commit themselves to your case and do everything in their power to help you, but this does not mean that they are the best qualified to do so, nor does it mean that they have as many resources as another firm might. If you live in Georgia and are involved in an accident, you as the victim deserve the best legal help possible. Don?t settle for less, because that may lead you to getting a smaller settlement than your case merits ? or even no settlement at all. Come talk to us at Kenneth S. Nugent, P.C.?

The legal team at Kenneth S. Nugent, P.C. is among the largest in the Southeast region, and they work

exclusively with injury victims and their families. According to the firm, the size of their team is among the many factors that work in their favor when it comes to taking on large corporations and insurance companies that will do everything in their power to avoid paying compensation. The firm?s other advantages have to do with the fact that all their attorneys boast lengthy credentials in the legal field and share a commitment to helping victims set their lives back on track following an accident or injury caused by the negligence of another party.

For one, their attorneys are able to work with clients from different backgrounds, partly because they are licensed to practice in Georgia, Alabama, North Carolina, South Carolina Texas, Florida, West Virginia and Tennessee and because they are multilingual (clients may expect the firm?s representatives to engage with them just as well if they prefer to speak in Spanish, Greek, Russian, French or German). On the other hand, Kenneth S. Nugent, P.C. is made up of attorneys who hail from a diverse array of racial and socio-economic backgrounds, giving them valuable insight into their community?s needs and helping them understand what a legal victory could actually mean to the families they serve.

?If you get injured,? the firm states, ?the impact this injury has on your life can be enormous. In addition to having to recover from it, victims quickly find that their financial health can take a steep dive if they find themselves unable to work, are forced to undergo expensive medical procedures and so on. Such pressure also has a way of spreading to family members, so a single individual?s distress can be felt by any loved ones who rally to their side. We understand how much suffering this can cause, and this is why we make it our mission to ensure you are fairly compensated for your losses.?

Since the firm?s founding in 1980, they have helped hundreds of families avoid such financial difficulties and find a way to move forward with their lives. They have served clients in a wide variety of personal injury cases, including car and pedestrian accidents, bicycle accidents, medical malpractice, defective products, dog bites, nursing home abuse, construction accidents and so on.

Those interested in discussing their options with a competent and committed attorney following an accident are welcome to contact Tim Derrickson of Kenneth S. Nugent, P.C. to schedule an initial case review for free. Additional information regarding the firm?s services can also be found on their official website. Similarly, clients are welcome to connect with the firm through their preferred social media platforms to stay up to date with their latest news and announcements.
