

Rancho Cordova Tree Service Experts Puts Together a Lunch & Learn Event

July 21, 2021

July 21, 2021 - PRESSADVANTAGE -

Rancho Cordova, California ? Looking to give back to the community, Rancho Cordova Tree Service Experts organized a Lunch & Learn event last week on its office grounds. Inviting one representative from every neighborhood, the tree service company used the event to educate the attendees on proper tree maintenance.

Speaking during the event, the company's CEO had this to say, "Trees are a very crucial part of our environment. From cleaning the air we breathe to providing shade in the summer heat, trees carry numerous benefits. All this shows us why investing in proper tree maintenance is important."

Rancho Cordova Tree Service Experts has been handling tree maintenance procedures in Rancho Cordova city for more than 25 years. The company has always been at the forefront when it comes to maintaining tree health, safety, and aesthetic appeal. Home to professionals with years of formal training and years of field experience, the company makes the most complicated tree maintenance procedures safe and ensures

maximum benefits for the tree owners.

“Our company handles all types of tree services,” said the chief of field operations during the event. “Our team is experienced in tree trimming, tree pruning, tree removal, and emergency tree services. We have the tools needed to handle these services without damaging neighboring utilities or harming the trees themselves.”

Rancho Cordova Tree Service Experts has made a name for itself with fast service. The company’s professionals indicated that they respond to their customer’s requests within the shortest time possible. “When it comes to emergency tree removal,” said the head of field operations, “we try to arrive at the emergency site in under an hour. In addition to satisfying our client’s needs and ensuring that he/she is happy, fast response helps reduce the risk of property damages and losses that often come from risky trees.”

During the event, the company noted the benefits of letting professional tree service providers handle tree care procedures. “Professionals have years of training and field experience,” said the company’s CEO. “For these reasons, working with professionals guarantees maximum benefits. As an added benefit, professionals know how to safeguard your property. This helps you avoid dealing with expensive property repairs. It is worth noting that property repairs are a leading cause of losses for property owners who attempt DIY tree service.”

Rancho Cordova Tree Service Experts offices are located at 2640 Mercantile Dr, Rancho Cordova, CA 95742, United States. Customers, however, can talk to the company’s customer support department by simply dialing 916-545-8095.
