Napolin Accident Injury Lawyer Riverside, a firm based in Riverside, CA, wants to emphasize the importance of victims of accidents consulting with the best personal injury attorney in Riverside instead of listening to the advice of an insurance adjuster. Alexander D. Napolin, how heads the law firm, points out that those who were injured because of an auto accident in Riverside need to get the help of an experienced and qualified lawyer. He wants to stress that filing a personal injury lawsuit claim is time sensitive and critical. Meanwhile, an insurance adjuster has the goal of minimizing the amount of money that the insurance firm, which is why accident victims are advised not to talk to them.

One important indicator of a reliable law firm is the large number of positive reviews that past clients have made regarding the firm. For example, Vanessa G. gave them five stars and said, ?I had an amazing experience with this firm. Always communicated well and got me a great settlement for my injury case. I highly recommend Napolin for a car accident lawyer if you live in Riverside. Thank you. You are the best.?

Alexander D. Napolin says, ?I am a top personal injury lawyer who asserts claims against the insurance companies using proven methodology. My approach when prosecuting accident injury claims results in successful outcomes for my clients. When you hire my law firm, you acquire an energetic and diverse legal team dedicated to your success.?

He adds, ?If you or a loved one has suffered a physical harm due to the actions of another person, it is important for you to consult with an experienced lawyer regarding your rights. For those who are saying they need a car accident lawyer near me Riverside residents can call us and take advantage of the free consultation that we offer to allow them to have their specific cases evaluated.?

Attorney Napolin points out that while successful case results are meaningful for him, it is more important for him to make an overall positive impact on the life of each of his clients.
Nevertheless, while past case results don?t guarantee success, they are an indication of a firm?s strength and capability.

A law firm?s past successes is an important factor in choosing that firm but it is not the only factor. It is also essential that the particular case of a client is evaluated properly and that it is prosecuted in a timely manner. That is why they will focus on the client rather than on how much money has been collected for other clients.

Alexander D. Napolin wants to emphasize that his reputation as a quality personal injury lawyer is not due solely to the amount of compensation he was able to collect for his previous clients but by the success stories that his clients experience when he applies his unique strategy and philosophy to their case.

He is a 100 percent plaintiff-side personal injury attorney, which means that he will never use his legal expertise to help any insurance firm. He was born and raised in Orange County and he completed two BA degrees, in Business Administration and American Studies, at California State University, Fullerton. He obtained his law degree from Pepperdine University School of Law in Malibu, CA.

The law firm also handles other practice areas, such as torts and personal injuries. A tort lawsuit is where a private plaintiff seeks for compensation for the personal injury suffered as a result of the defendant?s negligent actions. This is different from a criminal lawsuit where it is the government that prosecutes the negligent individual. Examples of negligence include car accidents caused by drunk drivers, dog bites due to a dog owner allowing his or her dangerous animal to roam, and medical complications that arise from the carelessness of a physician.
