

Heavy Duty Kitchen Scissors Offered At 10% Discount

October 05, 2015

October 05, 2015 - PRESSADVANTAGE -

Kitchenware business Heirloom Culinary in Rushford, NY, which has recently relaunched their heavy duty kitchen scissors in a burlap lined package, is now offering them at a 10% discount. Previously, the scissors were only available in a satin lined box. But since their release in burlap, the product has received an increasing amount of positive reviews. To celebrate this, the company is now offering a discount.

Jack Liguori, co-founder of Heirloom Culinary, says: "You really need to see this on Amazon. The scissors in burlap lining became so popular so quickly! I really want to say thank you to our customers by providing them with this limited time only 10% discount. I also want to take the opportunity to remind our clients of our commitment to customer service."

The discount has been made available because, thanks to the many positive reviews on Amazon, it is now classed as a bestselling item. "The product is beautifully made," says Joanne Fothergill. "Being a woman, and an avid chef, I needed a tool to cut through bones, i.e. chicken, ribs, etc., as well as trim fats, etc. yet easy to manipulate. Most shears I have purchased in the past were either too heavy, bulky, not sharp enough, fell apart. The craftsmanship of this item is truly amazing and worth the extra dollars. The product

arrived in good condition, and in a timely manner. But what surprised me the most was a follow up phone call from the vendor ensuring I was happy with the product. They also told me where to obtain additional information on the proper care and usage, even a download recipe book."

The customer care service that Joanne Fothergill alludes to is the fact that the company has a very quick response time to any queries or questions, which has been noted by other customers as well. Additionally, they include a lifetime guarantee on their kitchen shears, which is very rare for this type of item.

"If our customer isn't 100% satisfied, we will replace the shears or provide them with a full refund," adds Jack Liguori. "Please learn more here about our commitment to our customers."
