ORLANDO, Fla. ? Quality Playing Cards, Inc. announced today that it is the 16th anniversary of the launch of its website, customizedplayingcards.com. Since 1999, the company has produced tens of thousands of decks of playing cards imprinted with corporate logos, wedding photos, birthday pictures, among hundreds of design options.

?Sixteen years is a healthy milestone to reach,? said Charles Levin of CustomizedPlayingCards.com. ?But you know what? Playing cards never go out of style. Our clients get just as much of a thrill out of playing poker with cards featuring the beautiful face of their newborn grandson today as they did in 1999. And, it?s fun for us, too. Every day we get a new surprise from a customer?s clever idea for customizing a deck of playing cards.?

Known for excellent customer service, customizedplayingcards.com offers decks of playing cards imprinted as promotional premiums, such as a trade show giveaway, wedding playing cards and personalized playing cards. The company also produces custom sports trading cards, custom Tarot cards and custom board games. Cards are printed on high quality paper and PVC plastic ranging from 300 gsm-white core to 28mm

PVC and KEM quality plastic. The company's 310 gsm-black core cards are considered "Casino Quality." Each order can be packaged with cello wrap, custom-printed tuck boxes and a range of plastic case options.

Clients express enthusiasm about the service. T. Dennis, a customer, commented, "I just wanted to let you know that everyone was great in producing the Custom Playing Cards for a fundraiser. There was a short amount of time where I need the cards in hand and your staff came through delivering them on time. The cards look great and I will be using your company for future orders."
