August 06, 2021 -
Vancouver, British Columbia based Vancouver Volkswagen is reaching out to the wider community to announce that they have changed their name. The company was formerly known as Clarkdale VW for over 50 years: more information about the change in their name can be found at the following link: https://www.vancouvervolkswagen.com/clarkdale-now-vancouver/.

Chris Lane, the GM of the company, says, ?While we have changed our name, we want to make it clear that we?re still your neighborhood dealership ? the same you?ve known and loved for over 60 years and counting! While we?ve got a new name, we?ve still got the same amazing team, and we still provide the same great service.?

Regardless of whether they want to buy a new Volkswagen or a pre-owned one, Vancouver Volkswagen?s customers can find a wide variety of Volkswagen models at their showrooms. They have a team on standby to help customers sort through their stock of vehicles to ensure that everyone gets their dream vehicle. The company also offers a range of repair and maintenance services ? everything from oil changes to full transmission replacements and more.

Lane says, ?Whatever your needs, you can rest assured that Vancouver Volkswagen has you taken care of. We?ve got all the automotive services under one roof, making it easier than ever for you to have all of your automotive needs taken care of in one convenient location with a dealership you can trust. If you are looking for a new or new-to-you Volkswagen, or you want the very best in Volkswagen maintenance, you?ll find it at Vancouver Volkswagen. Don?t just take our word for it though, feel free to come and find out for yourself!?

The company is a family owned-and-operated Volkswagen dealership that has been a mainstay of Main Street for over 60 years. Their goal is to be the Volkswagen dealership of choice in the Lower Mainland, and they work towards this goal by offering nothing but the very best deals and by guaranteeing fair market prices ? in fact, if there is a better deal anywhere else, Vancouver Volkswagen promises to beat it by $250.

The company?s sales team is made up of friendly and knowledgeable individuals who are passionate about new and used Volkswagen vehicles and would be happy to help customers choose between the Volkswagen Tiguan or the Atlas, or help narrow down the perfect Beetle, or even make the change to all-electric transport with the new ID4. In addition, Vancouver Volkswagen also offers test drives and more, ensuring that no one will drive away in a vehicle they are not in love with. The services provided by Vancouver Volkswagen have earned the company a lot of praise from their customers. On the Google platform, the company boasts a 4.1 out of 5 Star rating with more than 500 reviews. RJC Vanderveen writes in their review, ?Thanks, Eric Cheng, for making buying my new car easy and stress-free. I was dreading buying a new car with all the pressure of dealing with salesmen and wondering if I am making the right decision. But you made it a great experience; no pressure and lots of information on the car I was buying so when I left with my new car, I was feeling confident and happy about my purchase!?

In her review, Christine Tran praises the service provided by Vancouver Volkswagen, writing that, ?Eric Chen is friendly, approachable and knowledgeable about his vehicles ? and if there was an inquiry we weren't certain about, they were quick to find out and get back to us. We have been hunting for a used vehicle for quite some time now, and we're glad to purchase with confidence this time around. He cleaned the vehicle inside and out, and even navigated us through the tech features of the vehicle before we drove away. Your customer service was genuine and unmatched. Thanks for the wine ? what a thoughtful gesture!?
