Temecula, California ? After 5 years of offering party bus services, Temecula Party Bus Company is happy to report that it has hit its milestone of serving 10,000 customers. Over the past 5 years, the company reports that its team of professional chauffeurs have handled weddings, bachelor/bachelorette parties, company events, birthday parties, and much more.

Speaking during the celebration, the company?s CEO had this to say, ?We didn?t expect to hit the 10,000 customers milestone on our fifth year. When we started this company, we were targeting 1000 customers per year. Our team of professionals seems to have figured out a way to double that ? from our numbers, we have been serving more than 2000 customers per year. The fun part of all this is that we do not have an over the top marketing budget ? most of our new customers are referred to us by our previous clients. We intend to maintain a great relationship with our customers. We want them to keep coming back and the only way to achieve this is to offer the best services.?

Temecula Party Bus Company has one of the largest party bus fleets in the city of Temecula. The company offers 12-passenger, 20-passenger, 30-passenger, 40-passenger, and 50-passenger party buses. The company reports that these options allow the customers to choose an option that best serves them.

The company?s party buses are equipped with modern luxury amenities. The company allows its customers to play their favorite music via Aux/iPod connections or watch movies on the TVs inside. The company keeps its customers connected to the outside world with free WiFi and charging outlets that ensure their devices do not run out of power. On request, the company reports that it can add refreshments ? including alcoholic drinks ? to the party buses.
