October 01, 2015 - PRESSADVANTAGE -

Tiger Paving, a paving contractor in Calgary, Alberta, has announced the launch of their services for local customers. People looking for a paving services and asphalt contractor need not look far. Tiger Paving has been a paving contractor for 9 solid years. The family owned business is run by brothers John and Dan Lambert, with a combined experience of over 40 years in all facets of asphalt paving including contracting.

Tiger Paving offers numerous services from driveway paving, parking pads paving for RV's and parking lot paving. They cater to all sizes of driveways and has expertise in terms of small to medium size parking lots paving. Moreover, the company provides price quotation in consideration of the current condition of the ground where the parking pad needs to be installed. This effort allows potential customers to get a price quote for parking pads paving for RV's - ensuring that clients get what they paid for.

As a Calgary paving contractor, Tiger Paving is the answer to customer's commercial paving and patching needs. These services are also extended to providing overlays of existing asphalt surfaces adding years of life to parking spaces without incurring unnecessary cost due to excavation and redoing the surfaces from scratch.

Speed bump installation, pothole repair, line painting and bobcat services - all of these services are accommodated at Tiger Paving. These installations can be completed in a timely and cost effective manner. Services are priced reasonably and customized to match the specific need of customers.

"I was very impressed with Tiger Paving. They were courteous and professional. They worked around my schedule and my driveway looks great!" says Joseph LaSalle, a very satisfied customer from Calgary. Tiger Paving takes pride in their company goal which is to always ensure complete customer satisfaction.

Tiger Paving is licensed and insured. It has also good standing with Alberta Workers Compensation Board.
