It has recently been announced that the Baltimore Personal Injury Law Office of the Maryland Injury Guys will be hosting a webinar to discuss the importance of contacting a personal injury attorney once a person has been a victim of an incident. When asked why it's important, managing personal injury lawyer Aaron Blank, Esq. replied that "Although a victim might not consider pressing charges, getting legal advice and a case review from an experienced lawyer can offer insight and be the push for them to file a claim."

Blank, Esq. went on to say, "The personal injury lawyers at the Maryland Injury Guys have dealt with many lawsuits and claims relating to personal injuries, car accidents, slip and fall accidents, nursing home abuse and neglect, medical malpractice claims, back injury accidents, worker's compensation claims, offshore injuries, water injuries, biking injuries, work injury claims, train accidents, pedestrian injuries, brain injuries, spinal cord accidents, sexual abuse claims, and more. We will be providing information on the types of compensation that could be available for said incidents."

The webinar will not be a one-time occurrence. The Baltimore office will be holding more live events and webinars for the communities of Fells Point, Canton, Highlandtown, Belair, Federal Hill, Brewers Hill, Waverly, Gay Street, Broadway East, Memorial Stadium, Coldstream-Homestead-Montebello, Wilson Park, Bolton Hill, Mayfield and Mount Vernon.
