Charlotte, North Carolina ? Focused on ensuring that travelers have the best ride by the time they arrive at the airport, A Step Above Limousine Service has just opened airport limo booking to customers in all parts of the world. The company reports that its customers can use their website or their phone to reserve their limousine.

?Most of the customers who book our airport limousines are generally people flying into Charlotte ? these people are generally outside North Carolina,? said the company?s CEO. ?In the past, we were only allowing booking to be done within the borders of the United States. We, however, have realized that North Carolina is a famous destination for people from other parts of the world. By opening booking to people from all over the world, we hope to make things much easier for people who would like our chauffeurs to pick them up from the airport on time.?

A Step Above Limousine Service reports that its reservation desk stays open 24 hours a day. This ensures that customers can call at any time ? regardless of the time differences around the world ? and receive an answer immediately. ?We take the requests sent via our website very seriously,? said the company?s CEO. ?This is why we have a team of professionals who are dedicated to taking care of website requests. Although we send confirmations on a first-come, first-served basis, you will never have to wait more than 24 hours to get a response from our team.?
