The company has more than 15 years of experience in providing professional cleaning services. They have a reliable team of professional cleaners who can provide cleaning services for homes, apartments, condominiums, and offices. They will provide full house cleaning for people throughout Indianapolis, whether the requirement is weekly home cleaning or occasional assistance with the cleaning of the property.

The professional home cleaning services they offer include: mopping, vacuuming and sweeping of floors; wipe down on all appliances; cleaning of the bathroom toilet, shower, tub and sink; dusting of furniture and surfaces; hallway cleaning and dusting; making of beds; kitchen clean-up including surfaces, stove, and sink; included cleaning materials and tools; commercial and residential disinfection; emptying of trash; and additional services as requested by the client.

A spokesperson for Correa's Cleaning Services says, ?Since 2018, we have been offering professional, trustworthy, reliable home cleaning to people across the whole Indianapolis Metropolitan area. Every team

member is vetted and background-checked. They focus on consistency, quality, and excellent customer service.

There are a number of factors that make Correa's Cleaning Services stand out among the crowd. These include: more than 15 years of professional cleaning experience; background checks for all cleaners; flat rate pricing; competitive rates; professional cleaning supplies and tools included; secure and efficient online payment; service for the entire Indianapolis metro area; and 100 percent satisfaction guarantee.

Their residential cleaning services include the bathrooms, common areas, kitchen, and bedrooms. They are able offer competitive rates depending on the size of the property. Those interested can get started by asking a complimentary quote from their team. Before accepting a request for cleaning services, they will ask about the: total square footage of the home; number of bedrooms; presence of pets; the homeowner?s scheduling needs; number of bathrooms; and any additional requests. Once they get this information, they can get to work on sending the homeowner a quote and setting up the first appointment.

One of the areas they will focus on is the kitchen because it is one that needs regular cleaning, being one of the busiest areas in the home. The kitchen cleaning will include a wipe down of the cabinets, oven range, counter-tops, microwave and various appliances. They will also make sure to take out the trash and scrub the sinks. They can also provide additional cleaning for the fridge and the oven.

For the bathroom, they will provide disinfection and will wipe down the counter tops, cabinets, sinks, shower, bath tub, and mirrors. They will also clean the toilet and empty the waste cans. For the bedrooms, they will ensure that the client?s personal space is kept neat and tidy. They will provide vacuuming, dusting, and making the beds.

They will also ensure that the family room, hallways, and living room are clean during their standard home cleaning services. Their team of professional cleaners will dust surfaces, empty trash bins, vacuum and mop the floors, wipe the baseboards, dust any reachable lighting fixtures and switches, and clean mirrors.

And finally, in addition to their standard home cleaning services, they can also provide deep cleaning and disinfection services with just the addition of a small fee. Their deep cleaning services include fridge cleaning, windows cleaning, oven cleaning, and cleaning of blinds and ceiling fans.

Previous customers have provided most positive feedback about the services that they received. For instance, Nina C. said, ?We recently found Ana and her team when we relocated here to Carmel and we couldn't be happier with their service. They are very professional, friendly and flexible. It's a huge help as I am currently working from home, with 2 kids, and 3 dogs and have little extra time to clean. We so appreciate their work ethic and being extra careful around our house, with at risk family members, and wearing masks

addressing our COVID concerns.?
