Nashville, Tennessee ? To mark the end of the first year since moving to its new base of operation in Nashville City, Tree Service Experts Nashville has planted a tree in a public park near its base of operation.

Speaking after planting the tree, the company?s CEO had the following to say, ?About a year ago, we opened our new offices in this glorious city. And one of our many goals has been to protect ? and expand ? this city?s urban forest. It has been a busy year and we thank this city?s residents for calling us in to help them with their tree care needs ? we?ve enjoyed a much warmer welcome than we had expected. The tree we are planting here will act as a reminder of why we came to this city ? to save the trees in your backyards, front yards, and those on your commercial properties.?
