Camden, AR ? GSP Pack & Ship, an industry-leading independent retail shipping company has announced today that the company will begin operating under a new name and will be known as The PACKAGE HUB?, effective immediately. Along with this change, a newly redesigned company logo has been revealed and all of the company?s operations have moved their retail location to 117 Jefferson ST SW, Camden, AR 71701.

?This rebranding strategy and relocation reflect both the evolution of the company as well as its vision for the future,? stated a company spokesperson.

The company had been serving the Camden community since 2000 and announced earlier this year the launch of their third-party (3PL) logistics division which added new capabilities for local, regional, and nationwide truckload, less-than-truckload, intermodal, ocean, parcel, and integrated transportation management services. The improved resources, such as industry-leading transportation technology

platforms, full-load planning and booking, real-time shipment visibility, and more, allows them to deliver a first-rate freight shipping experience for their customers. Additionally, their partnership with AES Worldwide Logistics, a freight brokerage with 20 plus years of experience, allows them to leverage relationships with over 40 national, super-regional, regional, and local freight carriers to get the best possible service for their customers.

As a licensed and bonded FMCSA compliant brokerage, a member of the Camden Area Chamber of Commerce, and a Premium Member of the Retail Shipping Associates, The Package Hub team is continually looking for new and innovative ways to serve their customers.
