Duluth GA Personal Injury Attorney Helps Clients Get Compensation

August 12, 2021

August 12, 2021 -

GA based Kenneth S. Nugent, P.C. - Duluth is encouraging their community to seek legal aid immediately if they suffered an injury as the result of a third party?s actions or negligence. The firm provides legal representation through the help of a diverse team of highly qualified, highly driven individuals. A personal injury can be a life altering experience but with the help of a competent attorney, the financial blow of a hospital stay or months of unemployment can be mitigated.

?When you have been injured in a Duluth car accident, for instance, you may wonder what you should do next,? says the firm. ?You need medical treatment, but the treatment is expensive and the medical bills are piling up. Your first thought is to try to negotiate with the insurance company. You think if they will just pay some of your bills, it will help you obtain financial relief so that you can recover from your injuries. Many people make this mistake in the early stages of their personal injury claim. They reach a quick settlement that undervalues their claim, and in doing so lose their legal rights to bring a claim against the party that is responsible. It is important to keep in mind that the insurance company is not on your side. The insurance adjuster who you are dealing with does not work for you or in your interests. Their goal is to minimize your settlement while saving money for their company.?

In most cases, any offer made early on in the case fails to take a number of factors into account. This includes details like the cost of medical treatment and the pain and suffering endured during a crash. Kenneth S. Nugent, P.C. strives to ensure that every client gets the most out of any given case, and they do not allow an insurance company to bully a victim they are representing into accepting a subpar offer. The firm takes every factor into account in order to come up with a fair and adequate figure which, if the other party?s insurance company refuses to pay, is taken before a court. The firm?s goal is always to secure a just and fair ruling for their clients, and this usually involves fighting for a larger sum in terms of compensation.

?Our attorneys bring over 350 years of combined experience to all types of personal injury accidents,? the firm says. ?If you have been hurt in a crash involving a car or commercial vehicle, you need the best possible legal representation. Our Duluth car accident lawyers will be there for you every step of the way. We understand the pain and stress that you are going through at this time. Let us handle the legal details and the insurance company so that you can focus on your recovery. During the first six months of 2018, 130 pedestrian deaths were reported in Georgia. Pedestrian accidents can leave you with serious and debilitating injuries and can significantly change the way you live your life. Injured pedestrians may have legal claims for pain and suffering, lost wages, medical bills, and more.?

The firm has helped countless people get the compensation they deserve despite the efforts of insurance companies looking to save money. With a commitment to justice and exemplary service, Kenneth S. Nugent produces results. A number of people have left excellent reviews of the firm online praising the legal team?s work.

?When I called to see whether my case was worth even trying to get my bills covered,? says Ami Kellogg in a 5-Star Google review, ?they took me right in and sent someone to me. The guy had a mask on because of Covid, which was great. My case manager was wonderful. She checked on me all the time because I was also pregnant when I got hit by the driver. I would recommend this law firm. Thanks for everything you guys done for me.?
