

Mummy's Miracle Baby Skincare Explains Benefits of Talc Free Powder on Babies

August 12, 2021

Casselberry, Florida - August 12, 2021 - PRESSADVANTAGE -

Mummy's Miracle Baby Skincare, a company based in Casselberry, Florida, has recently published a blog post on its blogs page that offers a guide to talc-free powder or cornstarch based powders. The shift to cornstarch based powders is recommended because of the risks involved with talc-based powder because it has been linked to cancer. Recent studies by the FDA have shown that talc contains asbestos-like fibers that have been observed to cause tumors and cancer. Therefore, it is a good idea to avoid using talc-based powder on babies because baby skin absorbs approximately 60 percent of the product applied to it.

Talc-free powders are available from Mummy's Miracle Baby Skincare, such as the All Natural Mummy's Miracle Talc-Free Cornstarch Baby Powder. This product has no talcum powder. It is toxic-free, chemical free, and contains pure naturally absorbent corn starch. It is also hypoallergenic and has been clinically proven to be safe and non-irritating for baby's skin. It is pediatrician-tested and grain-free. And it has been shown to be able to keep the baby's skin cool and dry. Furthermore, it is not just for babies because it can also be utilized for face baking when applying make-up or as a dry shampoo option, for soothing irritated and inflamed skin, and as a shine remover for the face.

Aside from talc-free baby powder, Mummy's Miracle Baby Skincare also offers various Moringa products for baby and mommy. Those who want to shop for such products can do so at their web site.

For baby, aside from the All Natural Mummy's Miracle Talc-Free Cornstarch Baby Powder, they offer other related products, such as: the Moringa Body Wash & Baby Shampoo & Bubble Bath - Lavender; Mummy's Miracle Moringa Baby Lotion 8oz All Natural Hypoallergenic Toxic-free; Mummy's Miracle Moringa Baby Lotion Lavender 8oz All Natural Hypoallergenic Toxic-free; Mummy's Miracle Moringa Baby Ointment 6.2oz Vitamin A & D All Natural Petroleum-free; Mummy's Miracle Moringa Baby Shampoo and Wash 8oz All Natural Hypoallergenic Toxic-free; Mummy's Miracle Moringa Baby Vapor Rub 2oz Mild All Natural Chemical-Free For Infants, Kids and Adults with sensitive skin; Mummy's Miracle Moringa Body Wash & Baby Shampoo & Bubble Bath, Unscented, Organic Shampoo and Bath, 2in1 Baby Bath, Tear-free Shampoo.

For mommy, they also offer various products, such as the: Anti-aging 100% Moringa Leaf Powder; Mummy's Miracle Mummy's Nipple and Lip Balm; and Moringa Oil 2oz All Natural Sensitive Skin Hypoallergenic, Pure 100%.

Ify Nwobi, a mumpreneur, is a mother of four kids, and the founder of Mummy's Miracle Moringa Baby Skincare, that offers an All Natural Baby Skincare formulated in 2010 soon after she discovered the power of Moringa. She explains, "For years I searched for a toxic-free skincare regimen for myself and my babies but found none. When I tried to find natural lotions made from natural ingredients that worked, I found a plethora of toxins and chemicals in most store bought baby oils, lotions and shampoos."

Thus, Ify Nwobi set out to formulate her own body creams and oil where she combined Moringa oil with various essential oils. She began using these on herself and her children and observed a significant difference in her skin and also that of her kids. Their skin appeared to be glowing and maintained their softness, smoothness, and suppleness.

She observed that her potion was able to hydrate and moisturize her skin, so she thought of sharing her discovery to other mothers who are also looking for safe and natural alternatives. After years of experimentation, she finally collaborated with a chemist to come up with a soothing, moisturizing, and hydrating formula that uses botanicals, especially the Moringa seed oil. And that was the birth of Mummy's Miracle Baby Skincare.

Those who would like to know more about the different baby products available from Mummy's Miracle Baby Skincare can check out their website, or contact them on the phone or through email. They can be contacted for customer support from 10:00 am to 4:00 pm, from Monday to Friday.
