US Coachways, a Staten Island, NY-based bus rental services company, wants to emphasize the many advantages of using a charter bus rental when traveling to Baltimore, MD. A bus rental is often preferred by people. People who are traveling in a group to Baltimore usually find that a charter bus rental would be the best way to go, due to a number of reasons. This is because it has the least environmental impact, it is the most cost effective, and even though things are starting to open up, it offers the most in flexibility in complying with health protocols since the travelers have complete control of the bus. This is in contrast to traveling by car or by public transportation, which have many inconveniences that may hinder the travelers? enjoyment of the city of Baltimore.

There are many attractions in Baltimore, also known as the ?Land of Pleasant Living,? and the travelers would not want their enjoyment of the sights to be doused by getting caught in traffic or spending so much time figuring out how to get from place to another. On the other hand, when using a charter bus rental, the travelers can simply inform the driver where they want to go and they can sit back and relax and enjoy the views.

A major reason for traveling by charter bus rental is that travelers have complete control of the bus, unlike with a public bus. They can decide among themselves how they will be seated to ensure social distancing, the various places to visit in the city of Baltimore, how cool the air conditioning should be inside the bus, what stops to make, and more. Furthermore, the travelers won?t have to share the space inside the bus with people they don?t know, which would be safer in view of the pandemic and also in terms of security.

A charter bus rental is also one of the least expensive ways of group travel. This is because the travelers will share many of the expenses incurred getting to Baltimore and back. With their savings in the cost of travel, people would be able to have more fun in the city. Also available on the US Coachways website is a bus rental cost calculator so that those who plan to travel and get a charter bus rental can get a good estimate of how much it would cost. They will only need to indicate whether it will be a one way trip or round trip; the pickup address and the pickup date and time; the destination address and the departure date and time; and the number of passengers.

People will have a lot to enjoy in Baltimore, especially when traveling in the comfort, luxury and convenience of a charter bus rental. Mark Telmany, a spokesperson for US Coachways, says, ?You can have lots of fun in Baltimore, but it's a lot harder if you travel there on your own. You'll spend most of your time checking your GPS or looking at a map. There's a better way to enjoy B'more - in the luxury, comfort and convenience of a charter bus rental from US Coachways. Relax with friends and family while we handle all your transportation needs.?

Baltimore has long been a hub for various things that have to do with ships. People can also visit the Baltimore & Chesapeake Steamboat Company or the C&D Canal Museum, where they can check out a working model of a water wheel and lock.

Baltimore constructed one of the first commercial railroad lines in the world, which is the Baltimore and Ohio Railroad.
