According to the company, renting a bus is one of the safest ways to travel, especially given the Covid-19 pandemic. Charter buses are ideal for larger groups of people looking to travel to and from Virginia together as well, in addition to many other benefits. To begin with, having a charter bus means that the trip begins and ends on the client?s terms ? delays and cancellations are virtually nonexistent. Given that whoever hires the bus is in full control of when it leaves, how long it will be on the road, where it will stop, how long it will stay and when it will return, charter buses offer unparalleled flexibility.

Charter buses are also more affordable, because the costs of travel can be shared between the group. With US Coachways highly skilled and trained drivers behind the wheel, travel will also be safe. US Coachways? fleet of vehicles are very comfortable, meaning that everyone travelling will be assured big seats with more legroom and wide aisles that allow for freedom of movement, which can be great for long trips.

Mark Telmany of US Coachways states, ?Virginia is great. It has a rich historical tradition, iconic foods, craft breweries and nationally renowned wineries, storied visual and performing arts venues, the Virginia shoreline and a lot more. Really, there's no end to the interesting and fun things to do and see in Virginia. If you want to experience all of it for yourself, the best way to do so is to hire yourself a charter bus from US Coachways.?

He continues, ?In addition to the many other comforts we offer, US Coachways is also one of the most safe ways for you to travel during the pandemic. Our policy is that it is your bus, your group, your way. You control when, where and who you go with on your charter bus rental. It's your trip, you have full control of your environment.?

The company assures that their buses are thoroughly cleaned every day. Since the beginning of the pandemic, they have been working on improving and expanding their cleaning procedures. The company is committed to matching or exceeding all CDC and local government regulations, and the drivers are also fully safe and healthy. They will comply with all DOT, CDC and local regulations and wear any required PPE as recommended.

In addition to offering bus rental services to Virginia and back, US Coachways also caters to those who are looking for Richmond bus rental services, among many other locations across the United States. The services offered by the company are well-received by their clients, as evidenced by their Google profile where they have a rating of 4.2 out of 5 stars.

Scott Lau says in his review, ?I ordered a 24-person bus for our group of 20 going to the White Sox game. We are in an unincorporated area, so we are sometimes hard to find. Driver arrived 20 minutes early, and it was a large touring bus with a bathroom. At no extra cost. He knew the best way to Comiskey Park and dropped us off right outside our gate. Called him as we were leaving the game, and he told us his location. He'd found a side street to park within a short walking distance. The driver, Robert Turner, was fantastic, knowledgeable of the city and friendly. Will repeat when we do this outing next year!?
