US Coachways, a Staten Island, New York based transport service, is proud to say that they are providing New Orleans bus rental services that are Covid-safe. The company has been innovating in the charter bus rental ground industry since 1983, dedicating their efforts to provide effective and efficient group travel solutions throughout the United States.

Mark Telmany of US Coachways, says, ?If there's any city in the world that knows how to have a good time, it's New Orleans. Jazz, blues and zydeco, gumbo, Etouffee and po' boys, with Louisiana hot sauce on every table, wonderful nightlife along Bourbon Street and in the French Quarter ? New Orleans is truly a city that is dripping with atmosphere. However, travelling to the city to enjoy its sights and sounds can be a stressful endeavor during this time of global pandemic. With US Coachways, you don?t need to worry about any of that.?

He adds, ?When you rent one of our charter buses, our policy is simple: it?s your bus, your group, your way. You will be in control of when, where and who you go with on your charter bus rental. The whole trip will be under your control, because we want you to feel confident travelling with us.?

To begin with, since the bus is fully under the renter?s control, they can decide how many passengers they want to have and how they want to socially distance themselves. The company asks that local laws are followed for the benefit of everyone, but beyond that, the decision is entirely up to the travelling group. Unlike other modes of transport, everyone can rest easy knowing who they are sitting with on a charter bus.

The company has also implemented a rigorous bus cleaning process. Since the beginning of the pandemic, US Coachways has been improving and expanding their cleaning procedures. They ensure that they constantly match or exceed all CDC and local government regulations. Further, the company?s team of trained drivers are all well-versed in personal protection measures and will comply with all DOT, CDC and local regulations as well as wear any required PPE as recommended for the safety of both themselves and the occupants of the bus.

US Coachways additionally has a worry-free cancellation policy in place, which allows travelers to make changes to their trip or cancel up to 48 hours before the departure at no additional cost. More information can be found here: US Coachways Bus Rentals.

Another user says in their review, ?US Coachways was a first class experience from beginning to end. Once I put a quote online, I received a very polite sales call within minutes and was asked questions about my trip. I was then referred to an account manager who was very organized and helped remind me to complete the quote. I appreciated her very much! The trip itself was amazing and safe. Honestly, our team felt like celebrities with the absolute 5-Star bus that showed up for us. It was stunning! The inside was so classy, and we were all very impressed. It was ultra clean. The driver was purely professional. We will definitely book again with US Coachways. Thank you for your great service! We will happily choose you again!?
