Cool Roofs Inc. In New Braunfels Celebrates GAF Certification

August 18, 2021

New Braunfels, Texas - August 18, 2021 -
Cool Roofs Inc. in New Braunfels, TX is celebrating their recent acquisition of a GAF certification. As one of the top certifications in the roofing industry, a GAF certification means that the Cool Roofs team has gone through extensive industry training and is equipped, both in terms of equipment and knowledge, to provide a top tier roofing service. With their GAF certification, the company has established that they are ready to serve any roofing requirement their customers may have.

GAF trains and tests many of the best roofers in the country to ensure that they meet and maintain the very highest standards. GAF ensures that roofers have the appropriate licenses and insurance so that they can offer the most valued warranties. GAF is responsible for many of the highest quality roofing products being used around the country, along with the quality workmanship provided by GAF certified roofing contractors.

Cool Roofs Inc. offers their services to both commercial and residential clients in the New Braunfels area. ?The roof of your business or home serves as a protective shield from the elements for the things that matter to you most, but only if it is in good shape,? the company says. ?In the case it deteriorates or your roof starts to leak, you know it?s time to have it replaced. However, unlike every other DIY project you?ve attempted,

roofing is one which should only be done by a professional roofer with a proper understanding of the various nuances involved in the process. To ensure that you are getting the best service, we are a full-service roofing contractor in New Braunfels, Texas. We are proud of all of our work and guarantee quality. Whether you need a new roof or repairs, we are the roofing company to call.?

The roof is perhaps the most important part of any building as it protects whatever structure is below it from the elements. Cool Roofs Inc., as a GAF Certified Contractor in New Braunfels, understands just how important it is to have a quality roof and strives to ensure that every client has a sturdy, reliable roof over their heads. The team has worked on many different kinds of roofs over the years and succeeded in producing excellent results for a number of clients in the New Braunfels area. The company?s goal is to help clients find the ideal roof design that meets all their needs and matches their aesthetic taste.

There are a number of aspects that set Cool Roofs Inc. apart from other contractors in the area, one of the most important of which is the quality of the roofing products used by the company. Cool Roofs Inc. uses only the best quality roofing products that are guaranteed to provide a combination of craftsmanship, quality and durability for years to come. Every component used by Cool Roofs Inc. comes from a trusted manufacturer which all but guarantees customer satisfaction. The company also places a great deal of emphasis on the installation process. Every detail of the process of installation is done meticulously, which ensures that every aspect of the roof is up to code.

What truly sets the roofing contractor apart from other similar companies in the area is the level of professional expertise they offer. Cool Roofs Inc. says, ?Our company is staffed with experienced roofing professionals who are fully licensed, bonded and insured. We understand that our credibility is paramount to our success, and that is why we don?t stop at offering you roofing products that are made to the highest standards of quality and craftsmanship. We directly employ roofing experts who are licensed to provide you with the highest standards of workmanship and service.?

New Braunfels residents who may be in need of a roofing contractor can contact Cool Roofs Inc. for a free roofing estimate. The company offers free estimates and repairs in all their services, and customers need only reach out today to request their own personalized service. The company already boasts a large number of satisfied roofing clients, and they look forward to demonstrating the benefits of their new GAF certification to many more in the future.
