August 19, 2021

New Braunfels, Texas - August 19, 2021 -
New Braunfels, TX based New Braunfels Roofing - Cool Roofs Inc. is pleased to announce that they have received yet another 5-Star Google review. The company welcomes all feedback from its customers, and many have already left highly positive comments on various online platforms.

Bonnie Wiedner says in a glowing Google review, ?I am so happy with my new roof. I let the guys choose color and spec. They did a superb job. They were professional, respectful on my time and very informative. I trusted them completely with my property. They treated me like family. I felt safe and secure. These guys came out and evaluated my roof and damage. Helped me with my insurance, went above and beyond. Had the job done efficiently. My property was left cleaner than when they started. Great Job. Would recommend them to anyone.?

Alain Rutherford also says in their own 5-Star review, ?Cool Roofs Inc. is a professional and honest roofing company. They did exactly what they said they?d do. They were clear and transparent and didn?t come up

with a bunch of additional charges at the end that weren?t mentioned before. The owner is nice and easy to talk to. Price was way better than any quote I got in New Braunfels. Happy we went with Cool Roofs Inc. because of the honest, good vibes and fair price. Will definitely recommend them to everyone I know needing a roof.?

New Braunfels Roofing - Cool Roofs Inc. has received numerous glowing reviews by providing 5 Star roofing services. They are a full-scale commercial roofing company that has all the skills and experience needed to restore their customers? property to a like-new state. Part of the reason the company is so effective at their trade is that they take passion in their work, and they are committed to ensuring their community gets nothing less than their best efforts. New Braunfels Roofing - Cool Roofs Inc. has been recognized as one of the top 100 roofing and property storm restoration providers in the US. They have received an A+ Better Business Bureau rating, and they continue to maintain this rating by providing excellent workmanship.

As noted on their website, New Braunfels Roofing - Cool Roofs Inc. has been serving the community and providing top-quality workmanship and service since 2015. They strive to become one of the leaders in the roofing industry, and they make no compromise on the quality of the services they provide. They work with dedication and integrity to form a foundation of respect and trust ? and they make it their business to form long-lasting connections with their customers. New Braunfels Roofing - Cool Roofs Inc. has also formed partnerships with groups such as the Texas Apartment Association and the Texas Self Storage Association.

In addition, New Braunfels Roofing - Cool Roofs Inc. places the latest technologies and products in the hands of their skilled workers and finds the most practical solutions to any roofing problems they may encounter. This ensures that they meet all of their customers? needs and expectations. The company also seeks to go beyond providing roofing services alone. They also seek to contribute to the development of the roofing industry and society as a whole by focusing on safety and educational issues.

Furthermore, New Braunfels Roofing - Cool Roofs Inc. provides a wide range of world-class commercial roofing products and services. One such product is Thermoplastic Polyolefin (TPO). TPO is a commercial roofing system that has been growing rapidly in popularity in the United States thanks to its reliability, energy efficiency and cost effectiveness. TPO provides great resistance against ultraviolet, ozone and chemical exposure. The result is a lower roof temperature and lower energy costs. TPO is also quite easy to install and does not require tear-off, so day-to-day operations will not be affected during installation. New Braunfels Roofing - Cool Roofs Inc. provides a 15-20 year warranty on TPO.

Other commercial roofing products and services offered by the company include roof coatings, spray foam roofing and metal roofing. More information about their various services can be found on their website.
