Surna Cultivation Technologies to Attend Cannabis Conference 2021 in Las Vegas

August 23, 2021

Boulder, Colorado - August 23, 2021 -
Surna Cultivation Technologies, a leader in indoor agriculture and grow room HVAC technology, will be an attendee at Cannabis Conference 2021.

The Cannabis Conference will be held at the Paris Hotel and Casino in Las Vegas on August 24, 2021, from 8 pm PDT to August 26 at 3 pm PDT. Attendees can find Surna at the event in booth 709.

More information about Surna at the Cannabis Conference 2021 can be found at https://www.facebook.com/events/367773614921099/

As the only industry conference dedicated exclusively to plant-touching cannabis businesses, Cannabis Conference is a place where people can learn from some of the most experienced cannabis professionals.

Conference attendees will learn more about trends related to growing cannabis and all of the opportunities it

holds for entrepreneurs. Additionally, workshops featuring veteran members of the industry will cover topics such as how to differentiate startups in an increasingly satuated market, how to grow a network of potential investors, financing/legal services as it relates to staffing and facility management, as well as how to find the right influencers within the industry.

A spokesperson from Surna commented, ?If you want to start a business related to cannabis or if you are a veteran looking for better opportunities, then you have to go to this conference.? They continued to describe Surna's services, stating that they are a full-service licensed architectural and mechanical, electrical, and plumbing (MEP) engineering services, carefully curated HVACD equipment, and proprietary controls systems. Surna's mission is to "provide growers with advanced, reliable products and services that promote a healthy environment for grow room operations."

Surna Cultivation Technologies is based in Boulder, Colorado, and provides indoor agriculture equipment for the commercial market. Surna provides grow room HVAC units, timers and controllers, dehumidifiers and humidifiers, and related accessories.
