

Rolletna Still Operational Amidst Pandemic

August 18, 2021

August 18, 2021 - PRESSADVANTAGE -

The COVID-19 pandemic has been one of the most devastating events in recent history, with many businesses closing their doors and going bankrupt. However, not every company is suffering from this disease.

Rolletna has reported that they are still operational despite the risk of contracting COVID-19.

According to the latest news, Health Minister Greg Hunt stated that five specialist ADF COVID-19 vaccination teams will be sent into Western New South Wales to advance vaccine administration for high-risk communities administering.

Each team consists of 14 members, including medics, nurses and logisticians. Mr Hunt characterised the teams as "highly mobile, highly flexible" with a wide variety of skillsets to aid in areas other than just giving vaccines.

They should also need to take responsibility for patients or provide relief from work overloads in hospitals during this time when doctors are struggling under increased patient loads due to recent outbreaks overseas and within Australia's borders.

People have been advised against going outside and leaving their homes entirely if possible, given how quickly these diseases can spread among an exposed population.

In line with this situation that the whole world is facing, Rolletna stays operational. The management ensures they are following government directives to minimise risk and have instituted additional cleaning measures throughout their premises and customer accessible areas.

Rolletna has varieties of Blinds to choose from, such as Indoor Blinds, Outdoor Blinds and Motorized curtains, Outdoor Blinds, Outdoor Awnings, External Venetian Blinds, Outdoor Shutters, Zipscreen Blinds, Cafe Blinds, Aluminium Louvre Systems Indoor Blinds, Custom Made Curtains, Plantation Shutters, Roman

Blinds, Roller Blinds Motorisation, Motorised Curtains, Motorized Blinds, Markilux Awnings, Motorised Outdoor Blinds, and Somfy.
