

Flat Fee Moving LLC Begins New Student Moving Service in Sarasota

August 23, 2021

August 23, 2021 -

Flat Fee Moving LLC - Sarasota Moving Company, based in Sarasota, Florida, launches a brand new moving service that focuses on individuals moving during the academic year, such as beginning freshmen and new college students and recent graduates. Universities welcome first-year students each fall and experience transfers from all campuses throughout the year across the state. With an increasing rate of the student population, moving companies throughout the Sarasota area are busy providing local moving services for students. Flat Fee Moving LLC seeks to serve the growing demand as a reliable and affordable option that starts with a flat fee rate.

"As a new college student, I was apprehensive about finding a professional moving company but was excited when I found Flat Fee Moving LLC Sarasota," said Carla, one of the first few users of their student move service. "Flat Fee Moving LLC Sarasota is a company that comes to your home with the necessary tools and equipment, does the moving for you in under two hours, and charges very affordable, student-friendly rates. They offer students an alternative option to hiring a full-service mover, which is what I needed. With the average moving cost being $250 per hour, the new Flat Fee Moving LLC service allows students to avoid paying for unnecessary services. The customer service I received was excellent."

The new student move service targets to assist students looking for a more affordable, quick, and stress-free moving experience. In addition to this option, Flat Fee Moving LLC Sarasota offers home and business moving services throughout Sarasota County, found on their website. The Florida-based professional moving company also boasts convenient appointment times for local and long-distance moves, which are available seven days a week.

The difference between the new student moving service and the other moving services this company is offering is that this company has recognized a need to provide moving services for students who are moving on and off-campus. That is a new change because most other companies do not offer this type of service or even recognize the need for it. Even though this is a new program that the moving company is implementing, it believes it will provide an excellent service for students in need in areas like St. Armands, McClellan Park, Southside Village, Bird Key, and Lido Shores.
