

# Inspiration to Execution; How One Woman is Helping Animals Get What They Need

*August 19, 2021*

August 19, 2021 -
?How can I help abused and abandoned dogs get the medical care they need so they can find someone to love on them?? a question asked by Jessica Eisenbeis that motivated her to start Yadi?s Yummies Homemade Treats for Dogs in St. Peters, MO.

Jessica and her team are preparing for the Grand Re-Opening of Yadi?s Yummies on August 28, 2021. Customers will love the new ?Rescue Me Café? and enhanced retail boutique.

Jessica will be partnering with small local bakeries to provide her 2-legged customers fresh baked goods and drinks every Saturday, while the chefs at Yadi?s Yummies make sure all 4-legged customers have a special array of all-natural homemade treats.

Jessica placed a wishing well in the middle of her store to support local rescues pay for medical needs for animals in need. Every donation tossed in the wishing well will be distributed each month to local rescues as

part of Jessica?s ?Wishing for Wellness? Campaign.

Remember the date: August 28th from 10-6 to join them for the special grand Re-Opening at Yadi?s Yummies 1251 Jungermann Rd, St. Peters, MO 63376.
