

Elmore Dumpster Rentals Delivers Affordable Dumpster Rental Options In Millport, NY

August 19, 2021

August 19, 2021 -

Elmore Dumpster Rentals is happy to announce that they can now provide quality waste disposal options in the local community of Millport, NY. The company offers affordable dumpsters for residents who need a place to put their trash. Elmore Dumpster Rentals has been providing quality garbage removal services in nearby towns, and this expansion into Millport will allow them to reach even more people with their service.

The company is a locally owned dumpster rental service that serves Millport as well as other nearby cities, including Jacksonville, Watkins Glen, Elmira, Geneva, Ithaca, Trumansburg, and Horseheads. The company?s services are, however, not limited to the listed delivery areas. They also deliver roll-off containers to other locations outside their listed service area on request. However, customers located further out usually pay delivery fees that are based on how far they are located from the nearest service area.

The dumpster rental company offers dumpster rental options for different kinds of projects. They provide residential dumpster rentals, commercial dumpster rentals, and construction dumpster rentals too. The

company website states they accept a wide range of junk and waste in their containers. However, they have indicated the items and types of debris and garbage they do not accept on their website.

Elmore Dumpster Rentals offers 10-yard roll-off dumpsters, the 12-yard roll off dumpsters, and 15-yard roll off dumpsters that are designed to hold and haul different amounts and various types of waste. Their dumpster rental costs are; $300 for a 10-yard dumpster, $320 for a 12-yard dumpster, and $340 for a 15-yard dumpster for a 1-3 day rental period. Renters can extend their rental durations if they wish to for an additional $20 per day charged beginning from the 4th day of the rental.

All the company?s dumpster rentals have a 1-ton weight limit per container. Renters who wish to dispose of more than 1 ton of material are charged $100 per ton of any extra weight loaded on the containers. The 10-yard, 12-yard, and 15-yard dumpsters can load material that can fit in 4 pick-ups, five pick-ups, and six pick-up truckloads, respectively.

Elmore Dumpster Rentals operates from Monday to Friday, between 8 am and 5 pm. The company offers both same and next-day dumpster rentals in Millport and the surrounding areas. Renters located farther away from the company?s radius may not get same-day delivery service, but the company guarantees next-day dumpster service in areas further out. While interested renters can still schedule dumpster deliveries whenever they wish to, using the company?s online booking option, the company does not make deliveries or pick up rental dumpsters on weekends.

Elmore Dumpster Rentals has adopted measures to prevent its customers and staff amidst the Covid-19 pandemic. The company has offered training to all its representatives in light of the current situation. All the roll-off containers are cleaned thoroughly and sanitized to ensure safe use for the next renter.

Our representatives also wear masks and gloves and observe social distance measures when delivering and picking up containers. The company also offers free online and over-the-phone consultations to customers. They have provided contactless booking and payment options to limit in-person interactions as much as possible.
