

Delaware Plumbing Company Launches Campaign to Benefit Children's Miracle Network and Local Hospitals

November 10, 2014

November 10, 2014 -

Wilmington, Del. - As the first home services partner of the Delaware Children's Miracle Network, Benjamin Franklin Plumbing proudly announces the launch of its campaign to spread the organization's message and benefit local children's hospitals.

In an effort to raise money and awareness, Benjamin Franklin Plumbing will donate \$1 to the Children's Miracle Network for every service call it receives during the month of November.

All money raised in the area will stay in the community and benefit the patients at The Children's Hospital of Philadelphia. With several nearby locations, The Children's Hospital of Philadelphia is a key partner of the Children's Miracle Network.

"We provide comfort and service to our customers and are excited to lend a hand to patients and families served by The Children's Hospital of Philadelphia and beyond," said Ron Williams, owner of Ben Franklin Plumbing. "As one of the organizations we support, we're thrilled to be able to partner with Children's Miracle Network Hospitals and raise money for such a good cause right here in our own backyard."

Every dollar raised will be used to fund research and training, purchase equipment and pay for uncompensated care, so that every child has the opportunity to receive the best care possible.

According to its website, Children's Miracle Network has raised more than \$5 billion, most of it \$1 at a time, for 170 children's hospitals across the United States and Canada since 1983.

By becoming a corporate partner of Children's Miracle Network, Benjamin Franklin Plumbing has agreed to commit significant time and resources to promote making a difference in the lives of hospitalized children.

Partnering with Children's Miracle Network aligns with Benjamin Franklin Plumbing's goals and ethics. Respect for employees and customers is at the forefront in every part of the company, including a 100

percent satisfaction guarantee and a punctuality pledge that pays the customer for every minute a plumber is late.

In addition, Benjamin Franklin Plumbing employs highly skilled, drug and alcohol-free plumbers who adhere to a strict code of conduct while on the job to ensure courteous, professional service. Customers always reach a live person when calling for service -- never a recording -- 24 hours a day.
