Virginia Beach, VA based Wing King Sports Bar off of Kempsville is pleased to announce that they are offering top-quality buffalo wings in a live band setting. Wing King can be found here: <https://wingkingonline.com/kempsville-rd/>.

Wing King is home to the original Buffalo-style wings in Virginia. The recipe used at Wing King comes directly from the birthplace of the Buffalo-style wings: Anchor Bar in Buffalo, NY (though it should be noted that the true origins of the recipe are hotly debated). This dish has a great deal of history behind it. It was supposedly first conceptualized in 1964 when Teressa Bellissimo, co-owner of the Anchor Bar, cooked a late-night snack for her son and his companions, what she came up with involved cooking leftover wings in hot sauce. It was an instant hit with her son and his friends. In fact, it was so well-received that they decided to add it to the Anchor Bar menu and serve it with celery slices and bleu cheese sauce the very next day. Just like the Buffalo-style wings that they serve, Wing King has lots of history behind them. They have been cooking up and serving the original Buffalo wings for more than 20 years. All of these years of experience have helped them polish and perfect their recipe and technique, ensuring a tasty and enjoyable Buffalo wing experience for all of their customers.

The Buffalo wings at Wing King come in both traditional and boneless formats. They also shake the wings in the sauce chosen by their customers. The sauce choices include Mild, Medium, Hot, X-Hot, XX Hot, Suicide Hot, BBQ, Hot-Q, Hickory Smoke, Hot Hickory, Teriyaki, Golden, Old Bay, Spicy Garlic, Parmesan and much more. The Buffalo wings at Wing King are served with celery and bleu cheese, just like the original from the Anchor Bar. Customers can also opt for ranch instead of bleu cheese. Providing these customization options allows Wing King to give each customer the perfect wing experience tailored just for them. The wings come in many set sizes, so patrons can choose to eat as little or as many as they want ? but the quality of the wings at Wing King may make it hard to order just a few.

There is a 5-wing set priced at \$9.99, a 10-wing set priced at \$15.99, a 15-wing set (also known as the Stephen Sampler) priced at \$20.99, a 20-wing set priced at \$27.99, and a 30-wing set priced at \$37.99. Wing

King has a wing set for all appetites. They also offer a variety of other tasty items, such as burgers, fries, pizzas, and so on. Their entire menu can be found on their website.

Wing King also does more than serve amazing food. They also book bands for events, so customers can enjoy live band music while eating and having fun. The schedule for these events can also be found on the Wing King website. Interested parties can also keep up with Wing King and their event schedule on Facebook.

Thanks to the quality of their food and the experience they provide, Wing King Kempsville has received positive reviews from their community. Lynn Cecilia says in a 5-Star Google review, "This is one of the best places to get wings. I've always had Wing King since I was a little girl, and they were a small shop in the corner of a strip mall with Blockbuster. Their fried mushrooms are fantastic, and the selection of wing sauces is to die for. The flavor is there no matter what you order. The cocktails are great, and I will always order from this particular restaurant. I am so happy with my orders every time I order from this location. Also! Their ranch is super thick and flavorful, some of the best in the business. Wing King, you will always have a faithful customer in me."

Jodie Fry says in another Google review, "We come every Wednesday night, and sometimes Monday too. Best wings ever, but our waitress Patty is the main reason we come back every week. She always goes beyond to make sure everything is correct, and we are enjoying ourselves. We love this place."
