

H&W Quality Products Hooded Neck Pillow Now Available On Newly Launched Website

October 08, 2015

October 08, 2015 - PRESSADVANTAGE -

Health and wellness company, H&W Quality Products, has recently launched their new website and their line of hooded neck pillows. The company explained that while customers can make their purchase through their website, the products will still be available on their Amazon storefront, so the hooded neck pillows are also available at <http://www.amazon.com/dp/B011JHZKCK>. Those who are interested in visiting the company's new website can go to <http://www.hwqualityproducts.com/>.

"We are really excited with the positive reaction we are getting from our customers regarding the hooded neck pillows. In fact, our product has just hit a milestone of over 77,000 repins on Pinterest," said spokesperson Greg Dunsworth.

The company pointed out that the hooded memory foam neck travel pillow has sufficient material in the hood to make it easier to cover the eyes when pulled down. "Our pillows are not merely gimmicks. Instead, we designed them to be functional travel pillows that really do help travelers get that extra bit of privacy and protection from the light so that they can sleep better," said Greg Dunsworth. They also explained that the neck travel pillow has been found to help travelers become less prone to stiff neck after sleeping sitting up for long periods in a plane, train or car.

Currently, there are 3 reviews on Amazon, with all of them being positive. One customer made the following statement: "Purchased for my wife. She loves this. Keeps the sun out of her face on her train trips into the city and it is easy for her to carry around."

H&W Quality Products urges all customers to join them on their Facebook page at <https://www.facebook.com/HWQualityProducts>. They also want to mention that interested parties are able to enjoy their rewards club where they will be able to receive promotions and discounts on current and future products. Those looking for more information on the rewards club, can visit the company's website. For those who have further questions regarding the company's products, H&W Quality Products urges them to contact the company via their toll-free number that is listed on their website.
