DuPage Medical Group Spine Surgery Begins Outpatient Minimally Invasive Lumbar Fusion Program

August 27, 2021

Westmont, Illinois - August 27, 2021 -
Dr. Ronjon Paul is pleased to announce that DuPage Medical Group Spine has kicked off the outpatient lumbar fusion program in Westmont, Illinois.

The orthopedic spine ASC program will successfully perform less invasive lumbar fusions, with much faster recovery times. The Westmont facility is the only one of its kind in the area to perform minimally invasive surgeries leveraging state-of-the-art technology. For people having failed conservative care, the procedures can be extremely helpful.

"I am very proud of our team and our facility. We are putting a great deal of effort into making the patient experience as personal as comfortable as it can be," says Dr. Ronjon Paul. "All of our nurses and staff have spine specialty experience and expertise. And patients recover comfortably in a calm and quiet space alongside their family with top-notch concierge-level nursing."

About Dr. Ronjon Paul
