

# North Carolina Tree and Outdoor Service Company Godhans Is Receiving Glowing Reviews

*September 14, 2021*

September 14, 2021 - PRESSADVANTAGE -

Tree and outdoor service company Godhan's is receiving five-star reviews from satisfied customers for the service they provide in Eastern North Carolina.

The company maintains a perfect 5-out-of-5 rating on its Google My Business page from over 15 reviews. The latest review from a happy customer says, "Steven and his helper were professional, personal, and friendly. Well satisfied with their work and would use them again. Cleaned up and went above and beyond. Thank you for your service."

A spokesperson for the company reacted to the review by saying, "We work hard day in and day out to solve our clients' tree problems. It feels good to be validated by the kind words of the customers that we serve. We strive to satisfy them with our professionalism and tree service expertise. Our employees are also trained to maintain a courteous disposition throughout a site visit. You will never get a chance to complain about any of our employees. We have a rigorous vetting process that picks only the most experienced and knowledgeable candidates to visit your home or business site. We also provide them extensive training to improve their soft skills which are crucial to them delivering the level of customer service that our company is known for. So the next time you are dealing with a tree-related or outdoor issue, give Godhan's a call. You will find out why we are the best in the tree and outdoor services business in all of North Carolina."

The company provides tree services such as tree trimming, tree removal, health assessments, stump removal, land clearing, rough grading, ditch & excavation, custom fence & deck installation, barrier or retaining walls, demolition, crane services, and other outdoor services. The company is locally owned and operated. It is also fully licensed, bonded, and insured. It also offers free, no-obligation estimates to customers.

When asked about the company's tree removal services the spokesperson says, "To the untrained eye, a

tree might seem fine and thriving. However, there is a fair chance that it might be suffering from a range of diseases such as Anthracnose, Cherry Leaf Spot, Powdery Mildew, Cercospra/Passalora Needle Blight, Phytophthora Root Rot, Fire Blight/Bacterial Blight, and more. The aforementioned diseases are observed frequently in North Carolina and if you are not trained in the field, you might miss the preliminary signs of infection. When the weather turns bad, just like it did earlier this year in August when tropical storm Fred hit North Carolina, diseased and weakened trees can give way to the strong winds causing damage to the property around it. If you have trees on your property it is advisable to have a professional take a look at them from time to time to ensure that they are well maintained and strong enough to be able to withstand rough weather. Our company has qualified arborists that will help you verify that the trees on your property are in good health. We can spot early signs of aging and rot and alert you well in advance of another raging tropical storm that may be headed our way.?

The company also offers demolition, crane, land clearing, rough grading, and ditch & excavation services to customers who are prepping their land for construction or feature installation. The company uses advanced heavy machinery and equipment to get the job done quicker and better than other contractors. The company's crane-assisted tree removal services offer the advantages of being able to remove very large trees, reduce the amount of time it takes to remove a tree, protect the lawn from damage, provide a safe and efficient way to tackle jobs, and helps prevent the damage of other vegetation while working.

Godhan's serves the areas of Jacksonville, Topsail, Hampstead, Holly Ridge, Swansboro, Havelock, Morehead City, Emerald Isle, Kinston, and Richlands in North Carolina. The company can be contacted at the phone number (618) 704-4861 or using a contact form on its website at <https://godhans.com/>. The company is open from 8 AM to 5 PM from Monday to Friday.
