Oklahoma City Tree Service Experts Helps An Elderly Property Owner Save His Home from Tree Damage

September 13, 2021

September 13, 2021 -
Oklahoma City, Oklahoma ? After the storm had passed, Mr. Makarios? neighbors noticed a tree that was leaning over his house. When they called 75-year-old Mr. Makarios to inform him of the danger that his home was facing, the man told them that he did not have the slightest idea of how to solve the problem. One of the neighbors decided to give Oklahoma City Tree Service Experts a call to see if the company could help the homeowner.

?We received the call from one of Mr. Makarios? neighbors at around 9 pm,? said the company?s CEO. ?He informed us that a tree was about to fall on Makarios? house and inflict a lot of damage. We didn?t even want to know why the homeowner did not call himself. Instead, we gathered our emergency tree service Oklahoma City team and started making our way to Makarios? home. Exactly 42 minutes later, we were on the emergency site, planning how to bring the tree down without harming Makarios? house.?

The company?s CEO told our reporter that before they knew the house belonged to an elderly man, their goal was to complete the emergency tree service removal procedure and then later contact the homeowner for payment.

?We know that emergencies cannot wait,? said the CEO, ?which is why we were willing to complete the procedure before working out the payment details with the property owner. However, when we learned that the home belonged to an elderly client, we decided to use the project as a way to give back to the community. We handled the entire project free of charge.?
