Affordable Dumpster Rental Now Available in Georgetown TX Through Dumpster Stars

September 15, 2021

Hutto, Texas - September 15, 2021 -
Dumpster Stars is happy to announce that their location in Georgetown TX is now ready to provide affordable dumpster rental in the Georgetown area and neighboring places. This means that businesses, including those in the construction industry, can now easily get rid of the junk and debris that they have generated during the practice of their business. Homeowners and other property owners would also find it easier to get rid of the junk and other wastes that would result when they conduct cleanups. In a previous press release, found at https://www.pressadvantage.com/story/45866-dumpster-stars-offers-affordable-dumpster-rental-in-round-rock-tx, they announced the availability of their dumpster rental service in Round Rock.

?Whether you need a roll off dumpster to haul away the debris from construction and remodeling projects, or just want a convenient way to dispose of household junk like furniture and appliances, Dumpster Stars is here for you,? says a representative for Dumpster Stars. ?We are a locally-owned and operated dumpster rental company providing reliable and affordable dumpster rental services to individual homeowners and contractors in Central Texas and surrounding areas. At Dumpster Stars, we are committed to two things: delivering reliable dumpster rentals and keeping customers satisfied.?

Dumpster Stars offers a variety of sizes of roll off dumpsters for rent. These include the: 10 yard dumpster, 15 yard dumpster, 20 yard dumpster, and 30 yard dumpster.

The 10 yard dumpster is 14 feet long, by 7.5 feet wide by 3.5 feet high, has a weight limit of 4,000 to 6,000 pounds, and a maximum volume capacity of 10 cubic yards or about 50 to 70 33-gallon trash bags. It is most suitable for heavy debris and small-scale projects. Typical uses include home projects, junk removal, light demolition, typical yard maintenance, and dirt and concrete disposal.

The 15 yard dumpster is 16 feet long by 7.5 feet wide by 4.5 feet high, has a weight limit of 4,000 to 6,000

pounds, and a maximum volume capacity of 15 cubic yards, or approximately 80 to 100 33-gallon trash bags. It is primarily used by homeowners and small-scale projects. Common uses include: small scale renovations, small landscape projects, garage, and attic clean outs, and backyard cleanup projects.

The 20 yard dumpster is 22 feet long by 7.5 feet wide by 4.5 high, has a weight limit of 4,000 to 6,000 pounds, and a maximum volume capacity of 20 cubic yards, or approximately 110 to 130 33-gallon trash bags. It may be used for a broad range of construction and home improvement projects. The usual applications include roofing projects, basement renovation, large waste removal, and major landscaping projects.

The 30 yard dumpster is 22 feet long by 7.5 feet by 6 feet high, has a weight limit of 7,000 to 10,000 pounds, and maximum volume capacity of 30 cubic yards. This roll off dumpster is suitable for both residential and commercial construction projects. It is commonly used for: large clean outs, storm recovery, demolition waste removal, large renovations, and general junk removal.

It is important to note that common household items, such as clothes, housewares, different personal items, are acceptable items for the dumpster. The usual debris from a home remodeling project can be thrown into the dumpster, including flooring, lumber, drywall, siding, and cabinetry. Any type of debris, trash, rubbish or junk, can be placed in the dumpster as long as it is not a hazardous material. Hazardous waste includes toxic, corrosive, and flammable substances. Other materials that ordinances prohibit from being placed in the trash bins include car batteries, refrigerators, chemicals, tires, railroad ties, and any other materials that are toxic, and can cause a safety hazard or damage the container.
