Rolling Meadows, IL: PlayGround Games, a company based in Rolling Meadows, IL, is happy to announce that they are ready to provide holidays and props rentals in Chicago and surrounding areas. They have event lighting, props, and effect experts with more than 10 years of industry experience to help with holiday decorations and parties. They can help transform the space to be used for a holiday themed party, such as Halloween celebrations, Christmas celebrations, holiday winterfests, and New Year's Eve parties. They can help create the appropriate ambiance for the desired holiday party theme. The holiday props are good for school events, backyard parties, church festivals, mitzvahs, sporting events, and more.

A spokesperson for PlayGround Games says, "The PlayGround Games has great themes inflatable bounce houses for your next holiday party or event. Check our Halloween Themed Jack O Lantern Bounce House and pair it with any of our spooky animatronics and fog machine to transform your yard into a haunted dungeon. If you want to decorate for the December holidays, we also have inflatables for that particular theme. Browse our inventory, select your items, and let us give your home a holiday makeover."

The PlayGround Games serves thousands of Chicago residents each year. They have a delivery-only business model that makes sure that a prop is always available near them. And they have made scheduling, ordering, and delivery of props so that homeowners need not wake up early in the morning just to pick up the props that they need for their holiday party. Currently, they can serve as far north as Racine, WI, and as far south as Naperville, IL. They service Lake County, Dupage County, Cook County, McHenry County, Kane County, and more.

Those who would like to book or schedule the delivery of holiday props can do so online 24 hours a day, 7 days a week. The customer can choose the date and the time of the party or event. It is important to note that everything that is displayed on the site after the customer has chosen a date is available for rent. Next, the customer chooses the items they want to rent, and the relevant information regarding the customer has to be provided, including where the event will be held. The customer may then pay in full or a small deposit, after which instant confirmation of the order is provided for their peace of mind.

It is important to note that the price includes the set up and take down of the props. However, additional fees may be charged for areas that are farther from their warehouse. They can provide free delivery within five miles from their Vernon Hills based warehouse. The company's delivery/ pick up schedule range from 6:00 am to 11:00 pm to make sure that they can bring the props to all of their customers.

PlayGround Games is fully insured and inspected, and they can provide a copy of the insurance policy when a customer will request it. Private clients may request to be named as additionally insured on the policy for a \$50 fee.

Aside from the holiday props, PlayGround Games can also provide concessions rental to provide party snacks; interactive attractions and games for schools events, birthdays, mitzvahs, team building, youth groups, and more. Also available are inflatable bounce houses for rent.
