

Tree Service Experts Lexington Uses Tree Trimming to Improve Sunlight Access in Client?s New Home

September 20, 2021

September 20, 2021 -
Lexington, Kentucky ? When Maryann moved into her new home, no one had lived there for several months. The trees that created a privacy screen around the property were overgrown and kept her from enjoying the view of her surroundings. Also, in the morning, she could not enjoy the sunlight on her balcony.

?I knew I needed to do something to change my property,? said Maryann. ?The main thing that I was missing is the sunlight. Plus, since I work from home, I would have wanted to watch my neighbors as they drove to work every morning. That is when I decided to look for a good tree trimming team Lexington. My search led me to Tree Service Experts Lexington ? I am glad I decided to hire the company.?

Tree Service Experts Lexington noted that when they received the first call from Maryann, they immediately deployed a tree trimming professional to go analyze her property and determine the actions that needed to be taken.

?They picked my call in the first ring,? Maryanne said detailing her experience with Tree Service Experts Lexington to a reporter. ?They sent a professional to see my trees and give me a cost estimate. Once we agreed on everything, they were here the following morning, trimmed my trees, gave me sunlight, and ensured that the trees no longer blocked my view.?

Tree Service Experts Lexington is a fully-fledged tree care company that has been offering its services for more than 25 years. Established to handle tree services within Lexington borders, the company has expanded its service area over the years and now operates in suburbs like Wilmore, Georgetown, Versailles, Frankfort, Lawrenceburg, and Winchester.

Once a company that only handled tree trimming and tree pruning, the company has expanded its services. Today, the company is known as the best tree removal company Lexington and also has the best emergency tree service Lexington team.

The company notes that responding quickly to all tree service requests has helped its team win the hearts of customers. The company?s team of tree cutting professionals Lexington handles tree service within the shortest time possible after request. For normal services, the company promises same-day service while emergency procedures are taken care of within the first 60 minutes.
